This is why you remain in the best website to look the amazing books to have.

Read Online The Napoleon Of Crime Life And Times Adam Worth Master Thief Ben Macintyre

The Napoleon of Crime-Ben Macintyre 2011-04-05 NEW YORK TIMES BESTSELLING AUTHOR OF A SPY AMONG FRIENDS He is the Napoleon of crime, Watson. He is the organizer of half that is evil and of nearly all that is undetected in this great city. He is a genius, a philosopher, an abstract thinker. . . . –Sherlock Holmes on Professor Moriarty in “The Final Problem” The Victorian era’s most infamous thief, Adam Worth was the original Napoleon of crime. Suave, cunning Worth learned early that the best way to succeed was to steal. And steal he did. Following a strict code of honor, Worth won the respect of Victorian society. He also aroused its fear by becoming a chilling phantom, mingling undetected with the upper classes, whose valuables he brazenly stole. His most celebrated heist: Gainsborough’s grand portrait of the Duchess of Devonshire—ancestor of Diana, Princess of Wales—a painting Worth adored and often slept with for twenty years. With a brilliant gang that included “Piano” Charley, a jewel thief, train robber, and playboy, and “the Scratch” Becker, master forger, Worth secretly ran operations from New York to London, Paris, and South Africa—until betrayal and a Pinkerton man finally brought him down. In a decadent age, Worth was an icon. His biography is a grand, dazzling tour into the gaslit underworld of the last century. . . and into the doomed genius of a criminal mastermind.

The Englishman’s Daughter-Ben Macintyre 2002-01-12 “I have a rendezvous with death, at some disputed barricade.” Alan Seeger, 1916 In the first days of World War I four soldiers, left behind as the British army retreated through northern France under the first German onslaught, found themselves trapped on the wrong side of the Western Front, in a tiny village called Villeret. Just a few miles from the Somme, the village would be permanently inundated with German troops for the next four years, yet the villagers conspired to feed, clothe and protect the fugitives under the very noses of the invaders, absorbing the Englishmen into their homes and lives until they could pass for Picardy peasants. The leader of the band, Robert Digby, was a striking young man who fell in love with Claire Desvenne, the prettiest maid in the village. In November 1915, with the guns clearly audible from the battlefield, Claire gave birth to Digby’s child, the jealous whispering began, and the conspiracy that had protected the soldiers for half the war started to unravel. Never before told, Ben Macintyre’s The Englishman’s Daughter is a harrowing tale of love, duplicity and their tragic consequences, which haunt the people of Villeret eight decades after the Great War.

Napoleon-Steven Englund 2010-05-11 This sophisticated and masterful biography, written by a respected French history scholar who has taught courses on Napoleon at the University of Paris, brings new and remarkable analysis to the study of modern history’s most famous general and statesman. Since boyhood, Steven Englund has been fascinated by the unique force, personality, and political significance of Napoleon Bonaparte, who, in only a decade and a half, changed the face of Europe forever. In Napoleon: A Political Life, Englund harnesses his early passion and intellectual expertise to create a rich and full interpretation of a brilliant but flawed leader. Napoleon believed that war was a means to an end, not the end itself. With this in mind, Steven Englund focuses on the political, rather than the military or personal, aspects of Napoleon’s notorious and celebrated life. Doing so permits him to arrive at some original conclusions. For example, where most biographers see this subject as a Corsican patriot who at first detested France, Englund sees a young officer deeply committed to a political event, idea, and opportunity (the French Revolution) -- not to any specific nationality. Indeed, Englund dissects carefully the political use Napoleon made, both as First Consul and as Emperor of the French, of patriotism, or “nation-talk.” As Englund charts Napoleon’s dramatic rise and fall -- from his Corsican boyhood, his French education, his astonishing military victories and no less astonishing acts of reform as First Consul (1799-1804) to his controversial record as Emperor and, finally, to his exile and death -- he is at particular pains to explore the unprecedented power Napoleon maintained over the popular imagination. Alone among recent biographers, Englund includes a chapter that analyzes the Napoleonic legend over the course of the past two centuries, down to the present-day French Republic, which has its own profound ambivalences toward this man whom it is afraid to recognize yet cannot avoid.

Napoleon: A Political Life presents new consideration of Napoleon’s adolescent and adult writings, as well as a convincing argument against the recent theory that the Emperor was poisoned at St. Helena. The book also offers an explanation of Napoleon’s role as father of the “modern” in politics. What finally emerges from these pages is a vivid and sympathetic portrait that combines youthful enthusiasm and mature scholarly reflection. The result is already regarded by experts as the Napoleonic bicentennial’s first major interpretation of this perennial subject.

Napoleon-Adam Zamoyksi 2018-10-16 The definitive biography of Napoleon, revealing the true man behind the legend “What a novel my life has been!” Napoleon once said of himself. Born into a poor family, the callow young man was, by twenty-six, an army general. Seduced by an older woman, his marriage transformed him into a galvanizing military commander. The Pope crowned him as Emperor of the French when he was only thirty-five. Within a few years, he became the effective master of Europe, his power unparalleled in modern history. His downfall was no less dramatic. The story of Napoleon has been written in some versions, he is a military genius, in others a war-obsessed tyrant. Here, historian Adam Zamoyksi cuts through the mythology and explains Napoleon against the background of the European Enlightenment, and what he was himself seeking to achieve. This most famous of men is also the most hidden of men, and Zamoyksi dives deeper than any previous biographer to find him. Beautifully written, Napoleon brilliantly sets the man in his European context.

Double Cross-Ben Macintyre 2012-01-01 The number one bestselling author of Agent Zigzag and Operation Mincemeat exposes the true story of the D Day Spies.

Agent Zigzag-Ben Macintyre 2007-09-04 “Ben Macintyre’s rickicking, spellbinding Agent Zigzag blends the spy-versus-spy machinations of John le Carré with the high farce of Evelyn Waugh.”—William Grimes, The New York Times (Editors’ Choice) “Wildly improbable but entirely true. . . . [a] compellingly cinematic spy thriller with verve.”—Entertainment Weekly NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY ENTERTAINMENT WEEKLY AND ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE WASHINGTON POST Eddie Chapman was a charming criminal, a con man, and a philanderer. He was also one of the most remarkable double agents Britain has ever produced. In 1941, after training as German spy in occupied France, Chapman was parachuted into Britain with a revolver, a wireless, and a cyanide pill, with orders from the Abwehr to blow up an airplane factory. Instead, he contacted M15, the British Secret service, and for the next four years, Chapman worked as a double agent, a lone British spy at the heart of the German Secret Service. Inside the traitor was a man of loyalty; inside the villain was a hero. The problem for Chapman, his spymasters, and his lovers was to know where one persona ended and the other began. Based on recently declassified files, Agent Zigzag tells Chapman’s full story for the first time. It’s a gripping tale of loyalty, love, treachery, espionage, and the thin and shifting line between fidelity and betrayal.

Napoleon’s Crimes-Claude Ribbe 2008 Did Napoleon provide the model for Hitler’s Final Solution?140 years before the Holocaust, Napoleon used gas to exterminate the civil population of the Antilles, he created concentration camps in Corsica and Alba, and he re-established the slave trade, provoking the deaths of over 200,000 Africans in the French colonies. In this riveting and controversial expose, Ribbe reveals Napoleon’s shocking legacy to the atrocities of the twentieth century.

Portraits and Observations-Truman Capote 2013-04-23 A definitive anthology containing all of the author’s essays encompasses his early travel sketches of Brooklyn, New Orleans, and Hollywood; accounts of the filming of “In Cold Blood,” and autobiographical musings.

Josiah the Great: The True Story of The Man Who Would Be King-Ben Macintyre 2012-02-02 The amazing tale of a resourceful and unscrupulous early-19th-century American adventurer who forges his own kingdom in the wilds of Afghanistan.

Forgotten Fatherland-Ben Macintyre 2013-03-01 From the bestselling author of Agent Zigzag and Double Cross the true story of Friedrich Nietzsche’s bigoted, imperious sister who founded a “racially pure” colony in Paraguay together with a band of blond-haired fellow Germans.

A Certain Justice-P. D. James 2011-11-30 It begins, dramatically enough, with a trial for murder. The distinguished criminal lawyer Venetia Aldridge is defending Garry Ashe on charges of having brutally killed his aunt. For Aldridge the trial is mainly a test of her courtroom skills, one more opportunity to succeed—and she does. But now murder is in the air. The next victim will be Aldridge herself, stabbed to death at her desk in her Chambers in the Middle Temple, a bloodstained wig on her head. Enter Commander Adam Dalgliesh and his team, whose struggle to investigate and understand the shocking events cannot halt the spiral into more horrors, more murders. . . . A Certain Justice is P.D. James at her strongest. In her first foray into the strange closed world of the Law Courts and the London legal community, she has created a fascinating tale of interwoven passion and terror. As each character leaps into unforgettable life, as each scene draws us forward into new complexities of plot, she proves yet again that no other writer can match her skill in combining the excitement of the classic detective story with the richness of a fine novel. In its subtle portrayal of morality and human behavior, A Certain Justice will stand alongside Devices and Desires and A Taste for Death as one of P.D. James’s most important, accomplished and entertaining works.

Rogue Heroes-Ben Macintyre 2016-10-04 The incredible untold story of WWII’s greatest secret fighting force, as told by our great modern master of wartime intrigue Britain’s Special Air Service—or SAS—was the brainchild of David Stirling, a young, gadabout aristocrat whose aimlessness in early life belied a remarkable strategic mind. Where most of his colleagues looked at a battlefield map of World War II’s African theater and saw a protracted struggle with Rommel’s desert forces, Stirling saw an opportunity: give a small number of elite, well-trained men, he could parachute behind enemy lines and sabotage their airplanes and war material. Paired with his constitutional opposite, the disciplined martinet Jock Lewes, Stirling assembled a revolutionary fighting force that would upend not just the balance of the war, but the nature of combat itself. He faced no little resistance from those who found his tactics ungentlemanly or beyond the pale, but in the SAS’s remarkable exploits facing the Nazis in the Africa and then on the Continent can be found the seeds of nearly all special forces units that would follow. Bringing his keen eye for psychological detail to a riveting wartime narrative, Ben Macintyre uses his unprecedented access to SAS archives to shine a light inside a legendary unit long shrouded in secrecy. The result is not just a tremendous war story, but a fascinating group portrait of men of whom history and country asked the most.

Life of Napoleon-Antoine Henri baron de Jomini 1864

Napoleon’s Buttons-Penny Le Couteur 2004 Examines the roles that the molecular properties of such items as the birth control pill, caffeine, and the buttons on the uniforms of Napoleon’s army have played in the course of history.

Napoleon III-Fenton Bresler 2000 Prince Louis Napoleon was born with a compelling sense of destiny. The eldest nephew of Bonaparte, he came from exile and ignominy to rule France, first as President then as Emperor for 22 years, from 1848 to 1870. Under his benevolent dictatorship, the nation grew in artistic fulfillment, industrial wealth and international influence - until catastrophic defeat at the hands of Bismarck in the Franco-Prussian War of 1870-71 cast her back into the shadows.

The Napoleon of Notting Hill-Gilbert Keith Chesterton 1904 The Napoleon of Notting Hill is a novel written by G.K. Chesterton in 1904, set in a nearly-unchanged London in 1884. Though the novel deals with the future, it concentrates not on technology nor on totalitarian government but on a government where no one cares what happens, comparable to Fahrenheit 451 in that respect. The dreary succession of randomly selected Kings of England is broken up when Auberon Quin, who cares for nothing but a good joke, is chosen. To amuse himself, he institutes elaborate costumes for the provosts of the districts of London. All are bored by the King’s antics except for one earnest young man who takes the cry for regional pride seriously - Adam Wayne, the eponymous Napoleon of Notting Hill. While the novel is humorous (one instance has the King sitting on top of an omnibus and speaking to it as to a horse: “Forward, my beauty, my Arab,” he said, patting the omnibus encouragingly, “fleetest of all thy bounding tribe”), it is also an adventure story: Chesterton is not afraid to let blood be drawn in his battles, fought with sword and halberd in the London streets, and Wayne thinks up a few ingenious strategies; and, finally, the novel is philosophical, considering the value of one man’s actions and the virtue of respect for one’s enemies.

A Foreign Field (Text Only)-Ben Macintyre 2012-02-02 This edition does not include illustrations. A wartime romance, survival saga and murder mystery set in rural France during the First World War. From the Number 1 bestselling author of ‘Agent ZigZag’ and ‘Operation Mincemeat’.

The Mammoth Book of the Adventures of Professor Moriarty-Maxim Jakubowski 2016-08-23 The hidden life of Sherlock Holmes’s most famous adversary is reimagined and revealed by the finest crime writers today. Some of literature’s greatest supervillains have also become its most intriguing antiheroes—Dracula, Hannibal Lecter, Lord Voldemort, and Norman Bates—figures that capture our imagination. Perhaps the greatest of these is Professor James Moriarty. Fiercely intelligent and a relentless schemer, Professor Moriarty is the perfect foil to the imitable Sherlock Holmes, whose crime-solving acumen could only be as brilliant as Moriarty’s cunning. While “the Napoleon of crime” appeared in only two of Conan Doyle’s original stories, Moriarty’s enigma is finally revealed in this diverse anthology of thirty-seven new Moriarty stories, reimagined and retold by leading crime writers such as Martin Edwards, Jürgen Ehlers, Barbara Nadel, L. C. Tyler, Michael Gregoroy, Alison Joseph and Peter Guttridge. In these intelligent, compelling stories—some frightening and others humorous—Moriarty is brought back vividly to new life, not simply as an incarnation of pure evil but also as a fallible human being with personality, motivations, and subtle shades of humanity. Filling the gaps of the Conan Doyle canon, The Mammoth Book of the Adventures of Professor Moriarty is a must-read for any fan of the Sherlock Holmes’s legacy. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Murder of Napoleon-Ben Weider 1998-12-01 The history books say that Napoleon died of natural causes. Napoleon himself, expiring at 51 after a lifetime of robust health, suspected otherwise and ordered a thorough autopsy. His suspicions were well-founded. So clever was the crime, however, that until recent developments in forensic science, it was impossible to prove a case of murder, let alone name the killer. Now, the authors of this fascinating book assert, it has been done-by a brilliant man whose 20-year inquest, a feat of detection, has produced one of history’s greatest surprises. What the critics say: “History at its most electrifying” - Newsweek “A nonfiction whodunit based on modern scientific technique” - New York Times “A spellbinding whodunit about one of history’s greatest crimes” - History Book Club “Sensational ... as gripping as a detective novel yet scrupulously observant of historical fact” - Publishers Weekly “Thoroughly convincing... A major Odyssey in historical research” - Harold C. Deutsch, professor of military history, U.S. Army War College

The Adventure of the Peculiar Protocols-Nicholas Meyer 2019-10-15 With the international bestseller The Seven-Per-Cent Solution, Nicholas Meyer brought to light a previously unpublished case of Sherlock Holmes, as recorded by Dr. John H. Watson. Now Meyer returns with a shocking discovery—an unknown case drawn from a recently unearthed Watson journal. January 1905: Holmes and Watson are summoned by Holmes’ brother Mycroft to undertake a clandestine investigation. An agent of the British Secret Service has been found floating in the Thames, carrying a manuscript smuggled into England at the cost of her life. The pages purport to be the minutes of a meeting of a secret group intent on nothing less than taking over the world. Based on real events, the adventure takes the famed duo—in the company of a bewitching woman—aboard the Orient Express from Paris into the heart of Tsarist Russia, where Holmes and Watson attempt to trace the origins of this explosive document. On their heels are desperate men of unknown allegiance, determined to prevent them from achieving their task. And what they uncover is a conspiracy so vast as to challenge Sherlock Holmes as never before.

Life of Napoleon Bonaparte-William Milligan Sloane 1897

Napoleon’s Last Island-Thomas Keneally 2016-10-04 The bestselling author of Schindler’s List and The Daughters of Mars returns with a remarkable novel about the friendship between a quick-witted young woman and one of history’s most intriguing figures, Napoleon Bonaparte, during the final years of his life in exile on St. Helena—hailed by the New York Times Book Review as “insightful and nimble...consistently fresh and engaging...call[ing] to mind the giants of 19th century fiction.” In October 1815, after losing the Battle of Waterloo, Napoleon Bonaparte was banished to the island of Saint Helena. There, in one of the most remote places on earth, he lived out the final six years of his life. On this lonely island with no chance of escape, he found an unexpected ally: a spirited British girl named Betsy Balcombe who lived on the island with her family. While Napoleon waited for his own accommodations to be built, the Balcombe family played host to the infamous exile, a decision that would have devastating consequences for them all. In Napoleon’s Last Island, “master of character development and period detail” (Kirkus Reviews) Thomas Keneally recreates Betsy’s powerful and complex friendship with the man dubbed The Great Ogre, her enmities and alliances with his remaining courtiers, and her dramatic coming-of-age. Bringing a shadowy period of history to life with a brilliant attention to detail, Keneally tells the untold story of one of Europe’s most enigmatic, charismatic, and important figures, and the ordinary British family who dared to forge a connection with him.

Bonaparte-History Gueniffey 2015-04-13 Patrice Gueniffey, the leading French historian of the Revolutionary and Napoleonic age, takes up the epic narrative at the heart of this turbulent period: the life of Napoleon himself, from his boyhood in Corsica, to his meteoric rise during the Italian and Egyptian campaigns, to his proclamation as Consul for Life in 1802.

The Angel of Darkness-Caleb Carr 2017-08-24 The sequel to the internationally bestselling historical thriller THE ALIENIST, now a major Netflix series, starring Luke Evans, Dakota Fanning and Daniel Brühl. A year after the events that took place in the bestselling THE ALIENIST, the cast of characters are again brought together to investigate a crime committed in the heady days of New York in the 1890s, this time narrated by the orphan Steve Taggart. A young child, the daughter of Spanish diplomats, disappears. It seems she has been abducted but no ransom note is received and the detectives Isaacscon quickly discover that a nurse, Elspeth Hunter, is probably the kidnapper. They also discover that Hunter has been a little too closely connected with the death of three other infants. But what are her motives? She married a fortune, and although she is connected to some fairly rough villains this crime does not fit their modus operandi. Is it something as ‘simple’ as psychological disturbance due to her own inability to bear children, or something more sinister unguessed at?

Animal Farm-George Orwell George Orwell (born Eric Arthur Blair), was one of the most prolific English authors of the 20th century. Animal Farm is one of his most celebrated works.

Black Spartacus-Sudhir Hazareesingh 2020-09-01 A new interpretation of the life of the Haitian revolutionary Toussaint Louverture Among the defining figures of the Age of Revolution, Toussaint Louverture is the most enigmatic. Though the Haitian revolutionary’s image has multiplied across the globe—appearing on banknotes and in bronze, on T-shirts and in film—the only definitive portrait executed in his lifetime has been lost. Well versed in the work of everyone from Machiavelli to Rousseau, he was nonetheless dismissed by Thomas Jefferson as a “cannibal.” A Caribbean acolyte of the European Enlightenment, Toussaint nurtured a class of Black Catholic clergyman who became one of the pillars of his rule, while his supporters also believed he communicated with voodoo spirits. And for a leader who once summed up his modus operandi with the phrase “Say little but do as much as possible,” he was a prolific and indefatigable correspondent, famous for exhausting the five secretaries he maintained, simultaneously, at the height of his power in the 1790s. Employing groundbreaking archival research and a keen interpretive lens, Sudhir Hazareesingh restores Toussaint to his full complexity in Black Spartacus. At a time when his subject has, variously, been reduced to little more than a one-dimensional icon of liberation or criticized for his personal failings—his white mistresses, his early ownership of slaves, his authoritarianism—Hazareesingh proposes a new conception of Toussaint’s understanding of himself and his role in the Atlantic world of the late eighteenth century. Black Spartacus is a work of both biography and intellectual history, rich with insights into Toussaint’s fundamental hybridity—his ability to unite European, African, and Caribbean traditions in the service of his revolutionary aims. Hazareesingh offers a new and resonant interpretation of Toussaint’s racial politics, showing how he used Enlightenment ideas to argue for the equal dignity of all human beings while simultaneously insisting on his own world-historical importance and the universal pertinence of blackness—a message which chimed particularly powerfully among African Americans. Ultimately, Black Spartacus offers a vigorous argument in favor of “getting back to Toussaint”—a call to take Haiti’s founding father seriously on his own terms, and to honor his role in shaping the postcolonial world to come.

Napoleon’s Master-David Lawday 2007-11-13 Traces the political life of the influential French figure, from the monarchist principles that forced him to flee the country at the end of the eighteenth century to his appointment as Foreign Minister and contributions to the rule of Napoleon and Bourbon restoration. 15,000 first printing. The Queen’s Fortune-Alison Pataki 2020-02-11 A sweeping novel about the extraordinary woman who captured Napoleon’s heart, created a dynasty, and changed the course of history—from the New York Times bestselling author of The Traitor’s Wife, The Accidental Empress, and Sisi. As the French revolution ravages the country, Desiree Clary is faced with the life-altering truth that the world she has known and loved is gone and it’s fallen on her to save her family from the guillotine. A chance encounter with Napoleon Bonaparte, the ambitious and charismatic young military prodigy, provides her answer. When her beloved sister Julie marries his brother Joseph, Desiree and Napoleon’s futures become irrevocably linked. Quickly entering into their own passionate, dizzying courtship that leads to a secret engagement, they vow to meet in the capital once his career has been secured. But her newly laid plans with Napoleon turn to sudden heartbreak, thanks to the rising star of Parisian society, Josephine de Beauharnais. Once again, Desiree’s life is turned on its head. Swept to the glittering halls of the French capital, Desiree is plunged into the inner circle of the new ruling class, becoming further entangled with Napoleon, his family, and the new Empress. But her fortunes shift once again when she meets Napoleon’s confidant and star general, the indomitable Jean-Baptiste Bernadotte. As the two men in Desiree’s life become political rivals and military foes, the question that arises is: must she choose between the love of her new husband and the love of her nation and its Emperor? From the lavish estates of the French Riviera to the raucous streets of Paris and Stockholm, Desiree finds herself at the epicenter of the rise and fall of an empire, navigating a constellation of political giants and dangerous, shifting alliances. Emerging from an impressionable girl into a fierce young woman, she discovers that to survive in this world she must learn to rely upon her instincts and her heart. Alison Pataki’s meticulously researched and brilliantly imagined novel sweeps readers into the unbelievable life of a woman almost lost to history—a woman who, despite the swells of a stunning life and a tumultuous time, not only adapts and survives but, ultimately, reigns at the helm of a dynasty that outlasts an empire.

King Leopold’s Ghost-Adam Hochschild 1999-09-03 “An enthralling story . . . A work of history that reads like a novel.” — Christian Science Monitor “As Hochschild’s brilliant book demonstrates, the great Congo scandal prefigured our own times . . . This book must be read and reread.” — Los Angeles Times Book Review In the late nineteenth century, as the European powers were carving up Africa, King Leopold II of Belgium carried out a brutal plundering of the territory surrounding the Congo River. Ultimately slashing the area’s population by ten million, he still managed to shrewdly cultivate his reputation as a great humanitarian. A tale far richer than any novelist could invent, King Leopold’s Ghost is the horrifying account of a megalomaniac of monstrous proportions. It is also the deeply moving portrait of those who defied Leopold: African rebel leaders who fought against hopeless odds and a brave handful of missionaries, travelers, and young idealists who went to Africa for work or adventure but unexpectedly found themselves witnesses to a holocaust and participants in the twentieth century’s first great human rights movement. A National Book Critics Circle Award Finalist A New York Times Notable Book

Napoleon-Andrew Roberts 2014-11-04 Draws on the recent publication of Napoleon’s thousands of letters to share new insights into his character, motivations, and relationships.

Napoleon Hill’s Life Lessons-Napoleon Hill 2017-11-21 An Official Publication of The Napoleon Hill Foundation “Today is the first day of the rest of your life. Are you satisfied with where you are and the direction you are going? If not, take control of your life and change whatever needs to be changed. You and only you have the power to do this. You can change your world.” -Napoleon Hill Judith Williamson, Director of the Napoleon Hill World Learning Center has compiled a book that you can read, enjoy, and apply to help you accomplish what you desire in life. She has used her extensive knowledge of Napoleon Hill’s writings with her experience as a professor on the principles of success to relate to the work of Hill to create a profound message for the reader. Read, study, and apply the messages on the principles that most appeal to you. But not neglect any of the principles because all are necessary if you desire to reach your maximum potential. Once you have completed the book, go back and read it again and take the suggestions and repeat them until they become a part of your being. The end result of your reading, study, and application will help you reach your desires. But, most importantly, the ultimate result will be not what you received in the process but the person you become while on your journey to success.

Think and Grow Rich-Napoleon Hill 2009-12-22 Think and Grow Rich

Killing Napoleon-Jonathan North 2019-01-15 An amazing story that is still largely unknown in the English-speaking world - the plot to blow up Napoleon, an early terrorist attack on Europe’s most powerful man, with striking parallels to today.

Shooting Up-Lukasz Kamienski 2017-08-31 From hallucinogenic mushrooms and LSD, to coca and cocaine; from Homeric warriors and the Assassins to the first Gulf War and today’s global insurgents - drugs have sustained warriors in the field and have been used as weapons of warfare, either as non-lethal psychochemical weapons or as a means of subversion. Lukasz Kamienski explores why and how drugs have been issued to soldiers to increase their battlefield performance, boost their courage and alleviate stress and fear - as well as for medical purposes. He also delves into the history of psychoactive substances that combatants ‘self-prescribe’, a practice which dates as far back as the Vikings. Shooting Up is a comprehensive and original history of the relationship between fighting men and intoxicants, from Antiquity till the present day, and looks at how drugs will determine the wars of the future in unforeseen and remarkable ways.

For Your Eyes Only-Ben Macintyre 2009-04-06 A riveting look into the world of James Bond and his creator.

Old Possum’s Book of Practical Cats-T. S. Eliot 2019-10-15 T. S. Eliot’s famous collection of nonsense verse about cats—the inspiration for the Andrew Lloyd Webber musical Cats, now made into a major motion picture. This edition features vibrant illustrations by Axel Scheffler.

A Spy Among Friends-Ben Macintyre 2014-01-01 From bestselling author Ben Macintyre, the true untold story of history’s most famous traitor

Kingbird Highway-Kenn Kaufman 2006-04-11 An ornithologist’s account of his youthful, year-long, cross-country birdwatching adventure: “A fascinating memoir of an obsession.” —Booklist At sixteen, Kenn Kaufman dropped out of the high school where he was student council president and hit the road, hitching back and forth across America, from Alaska to Florida, Maine to Mexico. Maybe not all that unusual a thing to do in the seventies, but what Kenn was searching for was a little different: not sex, drugs, God, or even self, but birds. A report of a rare bird would send him hitching nonstop from Pacific to Atlantic and back again. When he was broke he would pick fruit or do odd jobs to earn the fifty dollars or so that would last him for weeks. His goal was to set a record—most North American species seen in a year—but along the way he began to realize that at this breakneck pace he was only looking, not seeing. What had been a game became a quest for a deeper understanding of the natural world. Kingbird Highway is a unique coming-of-age story, combining a lyrical celebration of nature with wild, and sometimes dangerous, adventures, starting a colorful cast of characters.

The Gangs Of New York-Herbert Asbury 2016-07-26 Herbert Asbury presents here a vivid and startling account of New York gangdom from its beginning in Revolutionary times to comparatively recent days. Here are the stories of the great gangs which terrorized the city and at times menaced its very existence—from the Bowery Boys and the Dead Rabbits to the Gophers and the Eastmans. Kid Dropper, Dopey Benny, Gyp the Blood and Owney Madden are a few of the gangster luminaries described, not to mention such female evildoers as Gallus Mag and Sadie the Goat. Nor have the underworld’s lesser lights been overlooked; for these pages are crowded with a host of gang warriors, pickpockets, loan leaders, murderers, politicians, gamblers, prostitutes, dive-keepers and a few would-be reformers. Mr. Asbury has created such a rich, factual background for this chronicle of crime and gangsterism that the book gains considerable stature as a revealing picture of New York City’s history through a century of frenzied growth and expansion. Whether you read it as such or merely for amusement, it is a swift, exciting experience.

Mapping Crime-Keith D. Harries 1999 This guide introduces the science of crime mapping to police officers, crime analysts, & other people interested in visualizing crime data through the medium of maps. The guide is made up of examples with the words draped around them. Crime analysts & researchers from across the U.S. & from Canada & the United Kingdom have contributed. The guide takes a broad approach addressing the kinds of questions crime mapping can answer & how, in general terms, it can answer them. Presumably most readers will be working in law enforcement agencies. The material is designed primarily for those who know little or nothing about mapping crime & who are motivated to learn more. Color maps.
