Things Fall Apart-Chinua Achebe 2013-04-25 One of the BBC's '100 Novels That Shaped Our World' A worldwide bestseller and the first part of Achebe's African Trilogy, Things Fall Apart is the compelling story of one man's battle to protect his community against the forces of change Okonkwo is the greatest wrestler and warrior alive, and his fame spreads throughout West Africa like a bush-fire in the harmattan. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. First published in 1958, Chinua Achebe's stark, coolly ironic novel reshaped both African and world literature, and has sold over ten million copies in forty-five languages. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease. 'His courage and generosity are made manifest in the work' Toni Morrison 'The writer in whose company the prison walls fell down' Nelson Mandela 'A great book, that bespeaks a great, brave, kind, human spirit' John Updike With an Introduction by Biyi Bandele

Thirteen Ways of Looking at a Black Man-Henry Louis Gates, Jr. 2011-06-08 "This is a book of stories," writes Henry Louis Gates, "and all might be described as 'narratives of ascent.'" As some remarkable men talk about their lives, many perspectives on race and gender emerge. For the notion of the unitary black man, Gates argues, is as imaginary as the creature that the poet Wallace Stevens conjured in his poem "Thirteen Ways of Looking at a Blackbird." James Baldwin, Colin Powell, Harry Belafonte, Bill T. Jones, Louis Farrakhan, Anatole Broyard, Albert Murray -- all these men came from modest circumstances and all achieved preeminence. They are people, Gates writes, "who have shaped the world as much as they were shaped by it, who gave as good as they got." Three are writers -- James Baldwin, who was once regarded as the intellectual spokesman for the black community; Anatole Broyard, who chose to hide his black heritage so as to be seen as a writer on his own terms; and Albert Murray, who rose to the pinnacle of literary criticism. There is the general-turned-political-figure Colin Powell, who discusses his interactions with three United States presidents; there is Harry Belafonte, the entertainer whose career has been distinct from his fervent activism; there is Bill T. Jones, dancer and choreographer, whose fierce courage and creativity have continued in the shadow of AIDS; and there is Louis Farrakhan, the controversial religious leader. These men and others speak of their lives with candor and intimacy, and what emerges from this portfolio of influential men is a strikingly varied and profound set of ideas about what it means to be a black man in America today. From the Hardcover edition.

Compact Anthology of World Literature-Laura Getty 2015 "The introductions in this anthology are meant to be just that: a basic overview of what students need to know before they begin reading, with topics that students can research further. An open access literature textbook cannot be a history book at the same time, but history is the great companion of literature: The more history students know, the easier it is for them to interpret literature. In an electronic age, with this text available to anyone with computer access around the world, it has never been more necessary to recognize and understand differences among nationalities and cultures. The literature in this anthology is foundational, in the sense that these works influenced the authors who followed them. A word to the instructor: The texts have been chosen with the idea that they can be compared and contrasted, using common themes. Rather than numerous (and therefore often random) choices of texts from various periods, these selected works are meant to make both teaching and learning easier. While cultural expectations are not universal, many of the themes found in these works are."--Open Textbook Library.

The Madwoman in the Attic-Sandra M. Gilbert 2020-03-17 "A feminist classic."—Judith Shulevitz, New York Times Book Review "A pivotal book, one of those after which we will never think the same again."—Carolyn G.
