The Queen of Everything-Deb Caletti 2010-05-11 People ask me all the time what having Vince MacKenzie for a father was like. What they mean is, was he always crazy? High school junior Jordan MacKenzie's life was pretty typical: fractured family, new boyfriend, dead-end job. She'd been living with her father (the predictable optometrist) since her mother (the hippie holdover) had become too embarrassing to be around. Jordan felt that she finally had as normal a life as she could. Then came Gayle D'Angelo. Jordan knew her father was dating Gayle and that Gayle was married. Jordan knew it was wrong and that her father was becoming someone she didn't recognize anymore, but what could she do about it? And how could she -- how could anyone -- have possibly guessed that this illicit love affair would implode in such a violent and disturbing way?

Dani Keller wakes up on her Seattle houseboat, a headache building behind her eyes from the wine she drank at a party the night before. But on this particular Sunday morning, she's surprised to see that her husband, Ian, is not home. As the hours pass, Dani fills her day with small things. But still, Ian does not return. Irritation shifts to worry, worry slides almost imperceptibly into panic. And then, like a relentless blackness, the terrible realization hits Dani: He's gone. As the police work methodically through all the logical explanations—he's hurt, he's run off, he's been killed—Dani searches frantically for a clue as to whether Ian is in fact dead or alive. And, slowly, she unpacks their relationship, holding each moment up to the light: from its intense, adulterous beginning, to the grandeur of their new love, to the difficulties of forever. She examines all the sins she can—and cannot—remember. As the days pass, Dani will plumb the depths of her conscience, turning over and revealing the darkest of her secrets in order to discover the hard truth—about herself, her husband, and their lives together. “A thought-provoking and moving exploration.”—New York Times bestselling author Erica Bauermeister Look for special features inside. In a realm where one's magical power determines one's worth, Lady Everleigh's lack of obvious ability relegates her to the shadows of the royal court of Bellona, a kingdom steeped in gladiator tradition. Seventeenth in line for the throne, Evie is nothing more than a ceremonial fixture, overlooked and mostly forgotten. But dark forces are at work inside the palace. When her cousin Vasilia, the crown princess, assassinates her mother the queen and takes the throne by force, Evie is also attacked, along with the rest of the royal family. Luckily for Evie, her secret immunity to magic helps her escape the massacre. Forced into hiding to survive, she falls in with a gladiator troupe. Though they use their talents to entertain and amuse the masses, the gladiators are actually highly trained warriors skilled in the art of war, especially Lucas Sullivan, a powerful magier with secrets of his own. Uncertain of her future—or if she even has one—Evie begins training with the troupe until she can decide her next move. But as the bloodthirsty Vasilia exerts her power, pushing Bellona to the brink of war, Evie's fate becomes clear: she must become a fearsome gladiator herself . . . and kill the queen.
