Saturn, she says, symbolizes a psychic process--one that allows us to utilize the experience of pain for self-discovery and greater understanding. Houses of the Horoscope-Alan Oken 2009-09-01 Every astrologer needs a good understanding of the astrological houses, and Houses of the Horoscope: An Introduction provides a practical and valuable sourcebook. Alan Oken masterfully guides you through the concepts of the meanings and the nature of the twelve astrological houses. He provides a core description of the twelve areas of life delineated by the astrological house system. The energy of each of the planets in the houses tells us where on Earth that planet's energy lands and what area of our life it highlights. He gives a masterful analysis of how the astrological signs on the house cusps and the planets ruling the signs on houses express the nature of each house. The planets, signs, and houses in a chart represent the "whats", "hows", and "wheres", of your life. The planets tell us "what" kind of energy is at work. The signs indicate "how" this energy is working. But it is the houses that reveals "where" the events, people, and places in your life may be found. Alan Oken provides an expert guide to the understanding of the astrological houses and their interaction with these other elements of the horoscope.

The Twelve Astrological Houses-Dane Rudhyar 2013-06-05 The material for THE TWELVE ASTROLOGICAL HOUSES: The Way of Creative Accomplishment, was written in 1943-44, immediately following THE ZODIAC as THE UNIVERSAL MATRIX. Like its companion book, it is one of Rudhyar's most accessible and easy-to-read works. It provides comprehensive descriptions of each of the ten astrological planets in each of the twelve astrological houses. In common with THE UNIVERSAL MATRIX, the astrological interpretations are more striking, psychological and critical than what we came to expect from Rudhyar during the second half of the 20th century. The electronic publication includes hyperlinks to the birth charts of dozens of interesting example nivities. This volume should not be confused with Rudhyar's later works -- "THE ASTROLOGICAL HOUSES: The Spectrum of Individual Experience" -- which is currently out-of-print and available used at Amazon.com -- or with "The Twelve Houses as Problems We All Face." Some sample passages from THE TWELVE ASTROLOGICAL HOUSES: "Every personality is the child of an individual vision (Ascendant) and of a set of collective habits (second house), Rudhyar writes. The great person is one who uses such habits to demonstrate the vision - and thereby repolarizes them. The weak personality lets collective habits use the vision which thereby becomes distorted and materialized. Every personality is a field of integration for individual vision (first house) and collective habits (second house) - our inner life is very often a battlefield! It is in the third house that the issue . . . is determined; for it is the quality of the person's environment and of his mentality (largely conditioned by education) which will decide in the third house whether the fourth house factors (ego, home, and so on) will be energized preponderantly either by those developed in the first house or those belonging to the second house." PLANETS IN THE FIFTH HOUSE "When a strong planet or a group of planets are located in the fifth house of a natal chart this does not mean the native will necessarily be a particularly gifted artist, or a great lover, or the progenitor of many children, and so on. It indicates, rather, that matters related to this house will be insistently the focal point for the person's attention. The native will be involved in fifth house issues and experiences by apparent choice or by compulsion . . . They will create problems which will demand a solution. Problems however constitute opportunities for growth and for 'creative accomplishment' - thus the title of this series. Where there are no problems, the mind and will of the individual are not roused into operation . . ." MOON IN THE ELEVENTH HOUSE "The Moon in the eleventh house signifies a person highly sensitive to social moods and changes, who is often the mouthpiece of some great mass-movement seeking expression in a subterranean manner. The spiritual-occult systems proclaimed by Rudolph Steiner are much involved in personalized states of consciousness and dependent on personal 'revelations'. Indeed, it might be argued the 'revelations' of the seer could merely be projections of his collective, national and personal 'hopes and wishes' and fears and prejudices, rather than authentic and significantly interpreted revelations of spiritual realities. The traditional chart of Joan of Arc shows Moon conjunct Jupiter in the eleventh house - indeed an excellent symbol for one whose "Voices" saved a Kingdom . . ."

Sabbatian Heresy-Pawel Maciejko 2017-05-02 The pronouncements of Sabbatai Tsevi (1626-76) gave rise to Sabbatianism, a key messianic movement in Judaism that spread across Jewish communities in Europe, Asia, and North Africa. The movement, which featured a set of theological doctrines in which Jewish Kabbalistic tradition merged with Muslim and later Christian elements, suffered a setback with Tsevi's conversion to Islam in 1666. Nonetheless, for another hundred and fifty years, Sabbatianism continued to exist as a heretical underground movement. It provoked intense opposition from rabbinic authorities for another century and had a significant impact on central developments of later Judaism, such as the Haskalah, the Reform movement, Hasidism, and the secularization of Jewish society. This volume provides a selection of the most original and influential texts composed by Sabbatai Tsevi and his followers, complemented by fragments of the works of their rabbinic opponents and contemporary observers and some literary works inspired by Sabbatianism. An introduction and annotations by Pawe\_ Maciejko provide historical, political, and social context for the documents.

A Scheme of Heaven: The History of Astrology and the Search for our Destiny in Data-Alexander Boxer 2020-01-14 An illuminating look at the surprising history and science of astrology, civilization's first system of algorithms, from Babylon to the present day. Humans are pattern-matching creatures, and astrology is the universe's grandest pattern-matching game. In this refreshing work of history and analysis, data scientist Alexander Boxer examines classical texts on astrology to expose its underlying scientific and mathematical framework. Astrology, he argues, was the ancient world's most ambitious applied mathematics problem, a monumental data-analysis enterprise sustained by some of history's most brilliant minds, from Ptolemy to al-Kindi to Kepler. Thousands of years ago, astrologers became the first to stumble upon the powerful storytelling possibilities inherent in numerical data. To correlate the configurations of the cosmos with our day-to-day lives, astrologers relied upon a "scheme of heaven," or horoscope, showing the precise configuration of the planets at a particular instant in time as viewed from a particular place on Earth. Although recognized as pseudoscience today, horoscopes were once considered a cutting-edge scientific tool. Boxer teaches us how to read these esoteric charts--and appreciate the complex astronomical calculations needed to generate them--by diagramming how the heavens appeared at important moments in astrology's history, from the assassination of Julius Caesar as viewed from Rome to the Apollo 11 lunar landing as seen from the surface of the Moon. He then puts these horoscopes to the test using modern data sets and statistical science, arguing that today's data scientists do work similar to astrologers of yore. By looking back at the algorithms of ancient astrology, he suggests, we can better recognize the patterns that are timeless characteristics of our own pattern-matching tendencies. At once critical, rigorous, and far ranging, A Scheme of Heaven recontextualizes astrology as a vast, technological project--spanning continents and centuries--that foreshadowed our data-driven world today.

This is Book Three, An Easie and plaine Method Teaching How to judge upon Nativities, the conclusion of his great work, Christian Astrology. Of Marriage: The number and kinds of spouses, where they may come from, if there will be children or not, and if so, an idea of their number. . The kind of career best suited to the native, and much more. In the section on Directions and Forecasting, Lilly gives comprehensive interpretations for Primary Directions, Solar Returns and Profections. The book concludes with a priceless analysis of the Nativity of an English Merchant, including more than twenty years of forecasts, up to the time that Lilly judged to be the end of the man's natural life.
