Kill Zone-Sgt. Jack Coughlin 2007-11-13 An American general is captured in the Middle East by terrorists who threaten to behead him within days. One strange fact: moments before he is rendered unconscious during the attack, the general notices that his captors speak American English. What's going on? Gunnery Sgt. Kyle Swanson, a top Marine sniper, is vacationing on a yacht in the Mediterranean when he receives orders to mount a top secret mission to rescue the general. But as the Marines prepare to land in the Syrian desert, they fall victim to a terrible accident. Swanson, the only survivor, then discovers they were also flying into an ambush. How did the enemy have details of a mission known only to a few top American government officials? Swanson takes off across the desert alone to find the captured general and realizes he is fighting a particularly ruthless and dangerous enemy: American mercenaries working for a very-high-level group of U.S. officials with ties to the White House itself, part of a clandestine conspiracy whose hidden goal is nothing less than total control of the American military. Their sworn enemy is the captured general whose fate now rests in Swanson's hands. Filled with the kind of action that author Jack Coughlin lived during his career as a Marine sniper, Kill Zone marks the debut of an extraordinary new series. Clean Kill-Sgt. Jack Coughlin 2010-04-01 On the heels of the New York Times bestselling Dead Shot comes the most thrilling installment of the Kyle Swanson series yet, in which an attempt at a new peace in the Middle East is shattered by an unknown attacker, and only Swanson can find out who's responsible at a 15th Century castle outside Edinburgh, Scotland, Sir Geoffrey Cornwell is brokering an unprecedented agreement. Prince Abdullah of Saudi Arabia and the Israeli Foreign Minister are scheduled to sign an historic peace treaty—that is, until their meeting is violently interrupted by a missile strike that leaves the Foreign Minister of Israel dead and Cornwell and the Prince injured. Gunnery Sergeant Kyle Swanson is running covert missions in the mountains of Pakistan when he's called away from duty. He leaves for the U.K., where he thwarts another attempt on the prince of Saudi Arabia's life. The attackers are Middle Eastern, but they aren't working for Al Qaeda—they're employed by foreign operatives opposed to the peace agreement and determined to claim Saudi oil reserves for themselves by whatever means necessary. Meanwhile, out of hiding and back from the dead comes Juba, one of the deadliest terrorists in the world and Kyle Swanson's nemesis, who is determined to exact revenge on the man who nearly took his life. With scenes of tremendous suspense that span the globe, Clean Kill puts Swanson in the sights of a group whose greed and vengeance know no limits. But their deadly ambitions also bring them into his sights, which is the wrong place to be.

Running the Maze-Sgt. Jack Coughlin 2012-03-13 In the latest high-intensity thriller in the New York Times bestselling sniper series, Marine Gunnery Sergeant Kyle Swanson is sent into Pakistan, where an international team of medical workers has been executed in order to cover up a deadly terrorist secret. In the aftermath of great floods, a doctor on a relief mission in northeastern Pakistan discovers the remains of a collapsed bridge that reminds him of a bridge near his childhood home in Ohio. He snaps a cellphone picture and sends it to his sister, just before his entire team is slaughtered. His sister is Beth Ledford, a Coast Guard sniper, who suspects that the answer to the mystery of her brother's death is in that cellphone picture. No one believes her until she finds Swanson and the secret special operations team known as Task Force Trident. When Kyle takes Beth into Pakistan to investigate, they find the true secret behind the mass murder—what may be the last, best hope of victory by al-Qaeda and the Taliban over allied forces. Now the two snipers have their sights set on one man, an American diplomat who has become the biggest obstacle to victory in the war on terror. The only question is: which of them gets to pull the trigger?

Long Shot-Sgt. Jack Coughlin 2016-08-16 A top Russian intelligence agent has defected to the West and the only man with whom he will speak is Kyle Swanson, who busted him out of the U.S. Marine Corps Scout/Sniper School years ago. The defector proves to be an Edward Snowden-type gold mine of amazing secrets about the When, Where and How of President Vladimir Pushkin's next grab for lost Soviet territory. But Swanson, now a special contractor with the CIA, soon begins to believe that it is all fool's gold being sprinkled by Moscow to ignite an open military fight with NATO and the United States. Using his own deadly methods, the sniper sets out to find the truth, but to slow him down, the Russians kidnap Swanson's beautiful friend Calico, the CIA station chief in Estonia. From Italy to the Arctic Circle, Kyle Swanson is on the hunt, convinced that the defector actually is running a complex plot to hand Russia a kingdom in the north. But Swanson seems always to be a step behind because there is a traitor within his own chain of command. To stop the madness, Swanson must deliver a kill shot a hundred miles away from a border bridge in Estonia, where a Russian Army waits on the far shore as a government official crosses over with an invitation to invade.

The Night of the Cobra-Jack Coughlin 2015-08-18 "[Top-ranked sniper Kyle] Swanson is sent on a mission to track down two targets—one is the Cobra, the warlord who spent twenty years in prison after Swanson captured him and is now back in charge of the strong Somali underworld, vowing vengeance on the Marine; the other is the grandson of the schoolteacher who once saved his life, who has joined the Cobra's army of terror"--

Shooter-Sgt. Jack Coughlin 2007-04-01 Jack Coughlin is the Marine Corps' top-ranked sniper, the man who personally brings America's military muscle to the enemy's front door. In twenty years of active service, he has accumulated one of the most impressive records in the Corps, ranging through many of the world's hot spots. During Operation Iraqi Freedom alone, he recorded at least thirty-six kills, thirteen of them in a single twenty-four-hour period. In Shooter, Coughlin has written a highly personal story about his deadly craft, taking readers deep inside an invisible society that is off-limits to outsiders. This is not a heroic battlefield memoir, but the careful study of an exceptional man as he carries forward one of the deadliest legacies in the U.S. military.

Lightning Strike-Donald A. Davis 2007-04-01 This is the story of the fighter mission that changed World War II. It is the true story of the man behind Pearl Harbor---Admiral Isoroku Yamamoto---and the courageous young American fliers who flew the million-to-one suicide mission that shot him down. Yamamoto was a cigar-smoking, poker-playing, English-speaking, Harvard-educated expert on America, and that intimate knowledge served him well as architect of the Japanese attack on Pearl Harbor. For the next sixteen months, this military genius, beloved by the Japanese people, lived up to his prediction that he would run wild in the Pacific Ocean. He was unable, however, to deal the fatal blow needed to knock America out of the war, and the shaken United States began its march to victory on the bloody island of Guadalcanal. Donald A. Davis meticulously tracks Yamamoto's eventual rendezvous with death. After American code-breakers learned that the admiral would be vulnerable for a few hours, a desperate attempt was launched to bring him down. What was essentially a suicide mission fell to a handful of colorful and expendable U.S. Army pilots from Guadalcanal's battered "Cactus Air Force": - Mississippian John Mitchell, after flunking the West Point entrance exam, entered the army as a buck private. Though not a "natural" as an aviator, he eventually became the highest-scoring army ace on Guadalcanal and the leader of the Yamamoto attack. - Rex Barber grew up in the Oregon countryside and was the oldest surviving son in a tightly knit churchgoing family. A few weeks shy of his college graduation in 1940, the quiet Barber enlisted in the U.S. Army. - "I'm going to be President of the United States," Tom Lanphier once told a friend. Lanphier was the son of a legendary fighter squadron commander and a dazzling storyteller. He viewed his chance at hero status as the start of a promising political career. - December 7, 1941, found Besby Holmes on a Pearl Harbor airstrip, firing his .45 handgun at Japanese fighters. He couldn't get airborne in time to make a serious difference, but his chance would come. - Tall and darkly handsome, Ray Hine used the call sign "Heathcliffe" because he resembled the brooding hero of Wuthering Heights. He was transferred to Guadalcanal just in time to participate in the Yamamoto mission---a mission from which he would never return. Davis paints unforgettable personal portraits of men in combat and unravels a military mystery that has been covered up at the highest levels of government since the end of the war.

Hush Little Babies-Donald A. Davis 2007-04-01 A killing so brutal it shocked the police and left the nation grieving, Hush Little Babies is the appalling true story of Darlie Routier, the neighborhood's most wonderful mom, who one night, coldly, calculatingly and brutally stabbed her two sons and watched them die in a pool of their own blood... Darlie claimed an intruder has come through the window, fatally stabbed her sons, six-year-old Devon and five-year-old Damon, slashed her throat with same knife, then fled, while her husband and infant son slept upstairs. At first Darlie's heartfelt testimony evoked fear and sympathy in her safe Dallas community. Then police became suspicious after these troubling questions were raised: Why, according to a police report, didn't Darlie make any attempt to help her dying sons? Why, when she called 911, did she tell the dispatcher that her own fingerprints would be on the murderer's knife because she had picked it up? Why did the trail of blood left behind contradict Darlie's testimony? From the dark forces that drove her to kill her own flesh and blood, to the evidence that snared her in her own twisted web, here is a chilling account of homemaker, loving wife, mother of three, and cold-blooded killer--Darlie Routier.

The Madmen of Benghazi-Gérard de Villiers 2014-07-29 THE MADMEN OF BENGHAZI, available for the first time in the U.S., is a gripping, racy, ripped-from-the-headlines espionage thriller set in volatile post-Qaddafi Libya. Gérard de Villiers (1929-2013) spent his five-decade career cultivating connections in the world of international intelligence, which allowed him to anticipate geopolitical events before they occurred—and to masterfully blend fiction with an insider's knowledge of international affairs. Published from 1964 until his death in 2013, his bestselling SAS series of 200 spy novels, starring Malko Linge, was long considered France's answer to Ian Fleming, with Malko as his James Bond. Its hero, Malko Linge, an Austrian aristocrat, spends his time freelancing for the CIA in order to support his playboy lifestyle. When terrorists try to shoot down a plane carrying Libyan prince Ibrahim al-Senussi, it is clear that someone wants him dead. But the CIA has its own plot for the prince: Now that Qaddafi has been overthrown, al-Senussi is their best bet to set up a constitutional monarchy and stem the Islamist tide in Libya. The CIA, which needs Malko as much as he needs them, sends the Austrian aristocrat to Cairo to learn more about al-Senussi's plans by seducing his companion, a ravishing British model. This mission is enormously appealing, but also proves enormously dangerous, as the same madman of God who is trying to kill al-Senussi also takes aim at Malko.

An alliance of Islamic bankers counters with a rescue package containing no conditions at all. The underlying goal: to break the unity of Europe and put Madrid on the path back to Islamic rule. When the United States stridently opposes that deal, terrorists storm the American consulate in Barcelona and slaughter an entire six-man U.S. Marine security guard. Trigger Men-Hans Halberstadt 2008-03-18 Combat veteran and author Hans Halberstadt takes readers deeper inside the elusive world of snipers than ever before, from recruitment and training to the brutality of the killing fields. Shadow Team is probably the most productive sniper team in American military history, accounting for 276

confirmed kills in a six months span with no casualties of their own. Their leader made what was, and may still be, the longest range kill with a 7.62mm rifle. For the first time ever they explain what it's like to kill a man and what it takes to become one of the elite. The tragic tale of Headhunter Two is altogether different. This four man sniper team from a regiment known within the Corps as the Magnificent Bastards was killed in 2004 in Ramadi, Iraq. Their deaths not only caused a reevaluation of sniper tactics and techniques, but created a desire for vengeance that was exacted nearly two years later in dramatic fashion. Based on hundreds of hours of exclusive interviews, Halberstadt gets inside the sniper mind and shows how they think and interact with each other, how missions are planned and executed, how the weapons work, and even what happens when a bullet finally strikes its target. There are only a few hundred snipers from all the services put together in combat at any one time, making this true inside story a rare and important event. Both a uniquely intimate look at what makes a sniper tick and a harrowing read filled with dramatic war tales, Trigger Men is a book about killers and killing, without apology and without remorse.

Good Kids, Bad City-Kyle Swenson 2019-02-12 From award-winning investigative journalist Kyle Swenson, Good Kids, Bad City is the true story of the longest wrongful imprisonment in the United States to end in exoneration, and a critical social and political history of Cleveland, the city that convicted them. In the early 1970s, three African-American men—Wiley Bridgeman, Kwame Ajamu, and Rickey Jackson—were accused and convicted of the brutal robbery and murder of a man outside of a convenience store in Cleveland, Ohio. The prosecution’s case, which resulted in a combined 106 years in prison for the three men, rested on the more-than-questionable testimony of a pre-teen, Ed Vernon. The actual murderer was never found. Almost four decades later, Vernon recanted his testimony, and Wiley, Kwame, and Rickey were released. But while their exoneration may have ended one of American history’s most disgraceful miscarriages of justice, the corruption and decay of the city responsible for their imprisonment remain on trial. Interweaving the dramatic details of the case with Cleveland’s history—one that, to this day, is fraught with systemic discrimination and racial tension—Swenson reveals how this outrage occurred and why. Good Kids, Bad City is a work of astonishing empathy and insight: an immersive exploration of race in America, the struggling Midwest, and how lost lives can be recovered.

It Came from Something Awful-Dale Beran 2019-07-30 How 4chan and 8chan fuel white nationalism, inspire violence, and infect politics. The internet has transformed the ways we think and act, and by consequence, our politics. The most impactful recent political movements on the far left and right started with massive online collectives of teenagers. Strangely, both movements began on the same website: an anime imageboard called 4chan.org. It Came from Something Awful is the fascinating and bizarre story of sites like 4chan and 8chan and their profound effect on youth counterculture. Dale Beran has observed the anonymous messageboard community’s shifting activities and interests since the beginning. Sites like 4chan and 8chan are microcosms of the internet itself—simultaneously at the vanguard of contemporary culture, politics, comedy and language, and a new low for all of the above. They were the original meme machines, mostly frequented by socially awkward and disenfranchised young men in search of a place to be alone together. During the recession of the late 2000’s, the memes became political. 4chan was the online hub of a leftist hacker collective known as Anonymous and a prominent supporter of the Occupy Wall Street movement. But within a few short years, the site’s ideology spun on its axis; it became the birthplace and breeding ground of the alt-right. In It Came from Something Awful, Beran uses his insider’s knowledge and natural storytelling ability to chronicle 4chan's strange journey from creating rage-comics to inciting riots to—according to some—memeing Donald Trump into the White House.

The Jeffrey Dahmer Story-Donald A. Davis 1991-11-15 They smelled the foul odors. They heard the power saw buzzing in the dead of night but neighbors never imagined the horrors happening right next door. The hot sultry night of July 22, 1991 was one the tenants of the Oxford Apartments would never forget. A panic stricken young man--a pair of handcuffs still dangling from his wrists--ran out of Apartment 213 and told police an incredible tale of terror. Shaking with fear, he led officers back to his captor's lair, where they made the gruesome discovery. Inside were the body parts of at least fifteen men--including torsos stuffed into a barrel, severed heads in a refrigerator, and skulls boiled clean and stashed in a filing cabinet. Tacked to the freezer were Poloroid photographs of mutilated corpses. When investigators arrested 31-year-old Jeffrey Dahmer, they realized they had stumbled onto a "real-life Hannibal Lecter"--a sadistic murderer who told them he had saved a human heart "to eat later". What could turn a handsome, former tennis player, the son of middle-class parents, into a perverse serial killer whose unthinkable acts shocked the nation? The Jeffrey Dahmer Story takes you into Jeffrey Dahmer's twisted world of bizarre sexual encounters, mutilation and cannibalism--in one of history's most appalling true crime cases. With 8 pages of chilling photographs.

Long Shot-Azad 2019-02-12 A gripping narrative by an Iran-born Kurdish journalist who joined the ranks of the Kurdish army as a sniper in the fight against ISIS In 2002, at the age of nineteen, Azad, a young Iranian-Kurdish man, was conscripted into Iran's army and forced to fight against his own people. Refusing to go to war against his fellow Kurds, Azad deserted and smuggled himself to the United Kingdom, where he was granted asylum, became a citizen, and learned English. But more than a decade later, having returned to the Middle East as a social worker in the wake of the Syrian civil war, Azad found that he would have to pick up a weapon once again. In September 2014, after twenty-four days of intensive training as a sniper, Azad became one of seventeen volunteer marksmen deployed by the Kurdish army when ISIS besieged the city of Kobani in Rojava, the newly autonomous region of the Kurds. In Long Shot, Azad tells the inside story of how the Kurdish forces fought nine months of bloody street battles against the Islamic State. Vastly outnumbered, the Kurds would have to kill the jihadis one by one, and Azad takes readers on a harrowing journey behind rebel frontlines to reveal the sniper unit’s essential role in fighting, and eventually defeating, ISIS. Weaving the brutal events of war with personal and political reflection, Azad meditates on the incalculable price of victory—the permanent effects of war on the body and mind; the devastating death of two of his closest comrades; the loss of hundreds of volunteers who died in battle. But as Azad explains, these were sacrifices that saved not only a city but a people and their land. Rojava was freed, and ISIS, which once threatened the world, never fully recovered. At once wrenching and redemptive, Long Shot is a dramatic account of modern war that tells the story of how, against all odds, a few thousand men and women achieved the impossible and kept their dream of freedom alive.
