101 Inspiring Stories-G. Francis Xavier 2014-12-01 This is one of the many inspiring books from the renowned "Motivator" Dr. G. Francis Xavier. Evidently, this harvest of stories has been gleaned from lands he visited and books he read. Xavier, who conducts full-house personal growth courses has brought out this compendium in an interactive form, making the reader give the answers at the end of the story, which is a novel approach. Stories and examples are the best way to inspire, and this volume can be gifted to anyone. It is useful for preachers, speakers and teachers. The book appeals to readers of all ages except the morose and irredeemable negaholics (negative thinking addicts) and anti-reading teenagers. It has stories to inspire and promises uninterrupted chuckles till the end. There are also quotations on success.

American Dirt (Oprah's Book Club)-Jeanine Cummins 2020-01-21 #1 New York Times Bestseller OPRAH'S BOOK CLUB PICK "Extraordinary." —Stephen King "This book is not simply the great American novel; it's the great novel of las Americas. It's the great world novel! This is the international story of our times. Masterful." —Sandra Cisneros También de este lado hay sueños. On this side, too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy—two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia—trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? American Dirt will leave readers utterly changed. It is a literary achievement filled with poignancy, drama, and humanity on every page. It is one of the most important books for our times. Already being hailed as "a Grapes of Wrath for our times" and "a new American classic," Jeanine Cummins's American Dirt is a rare exploration into the inner hearts of people willing to sacrifice everything for a glimmer of hope. Claude & François-Xavier Lalanne-Paul Kasmin 2012 Revered and collected by design connoisseurs and enthusiasts alike, the work of husband-and-wife team Claude and François-Xavier Lalanne defies categorization. Crossing between sculpture and the functional object, the designs by the Lalannes--such as a hammered brass rhino-cum-desk--are whimsical and elegant with references to ancient French craftsmanship and twentieth-century Surrealism. This is the first intimate visual biography of their work, as well as the studio and life of the Lalannes. Never-before-seen photographs of their studio and home life--where study models and unfinished sculptures reveal a true portrait of the artists at work--are combined with the finished works shown in galleries and gardens, including an installation on the grassy median of Park Avenue in New York and their largest outdoor exhibition at the Fairchild Tropical Botanic Garden outside of Miami. Transforming visual imagery of flora and fauna into delightfully sensual, dreamlike objects, the designs by the Lalannes have been sought by the likes of Yves Saint Laurent, Jacques Grange, and Peter Marino. This publication makes their work and process understandable, and ultimately accessible.

The Opium War-Julia Lovell 2015-11-10 In October 1839, a Windsor cabinet meeting votes to begin the first Opium War against China. Bureaucratic fumbling, military missteps, and a healthy dose of political opportunism and collaboration followed. Rich in tragicomedy, The Opium War explores the disastrous British foreign-relations move that became a founding myth of modern Chinese nationalism, and depicts China's heroic struggle against Western conspiracy. Julia Lovell examines the causes and consequences of the Opium War, interweaving tales of the opium pushers and dissidents. More importantly, she analyses how the Opium Wars shaped China's self-image and created an enduring model for its interactions with the West, plagued by delusion and prejudice.

Plagiarism, the Internet, and Student Learning-Wendy Sutherland-Smith 2008-04-24 Written for Higher Education educators, managers and policy-makers, Plagiarism, the Internet and Student Learning combines theoretical understandings with a practical model of plagiarism and aims to explain why and how plagiarism developed. It offers a new way to conceptualize plagiarism and provides a framework for professionals dealing with plagiarism in higher education. Sutherland-Smith presents a model of plagiarism, called the plagiarism continuum, which usefully informs discussion and direction of plagiarism management in most educational settings. The model was developed from a cross-disciplinary examination of plagiarism with a particular focus on understanding how educators and students perceive and respond to issues of plagiarism. The evolution of plagiarism, from its birth in Law, to a global issue, poses challenges to international educators in diverse cultural settings. The case studies included are the voices of educators and students discussing the complexity of plagiarism in policy and practice, as well as the tensions between institutional and individual responses. A review of international studies plus qualitative empirical research on plagiarism, conducted in Australia between 2004-2006, explain why it has emerged as a major issue. The book examines current teaching approaches in light of issues surrounding plagiarism, particularly Internet plagiarism. The model affords insight into ways in which teaching and learning approaches can be enhanced to cope with the ever-changing face of plagiarism. This book challenges Higher Education educators, managers and policy-makers to examine their own beliefs and practices in managing the phenomenon of plagiarism in academic writing.
