Two or Three Things I Know for Sure-Dorothy Allison 1996-08-01 Bastard Out of Carolina, nominated for the 1992 National Book Award for fiction, introduced Dorothy Allison as one of the most passionate and gifted writers of her generation. Now, in Two or Three Things I Know for Sure, she takes a probing look at her family's history to give us a lyrical, complex memoir that explores how the gossip of one generation can become legends for the next. Illustrated with photographs from the author's personal collection, Two or Three Things I Know for Sure tells the story of the Gibson women -- sisters, cousins, daughters, and aunts -- and the men who loved them, often abused them, and, nonetheless, shared their destinies. With luminous clarity, Allison explores how desire surprises and what power feels like to a young girl as she confronts abuse. As always, Dorothy Allison is provocative, confrontational, and brutally honest. Two or Three Things I Know for Sure, steeped in the hard-won wisdom of experience, expresses the strength of her unique vision with beauty and eloquence.

Three Things About Elsie-Joanna Cannon 2019-07-02 The bestselling author of *The Trouble with Goats and Sheep* delivers a suspenseful and emotionally satisfying novel "infused with warmth and humor" (People) about a lifelong friendship, a devastating secret, and the small acts of kindness that bring people together. There are three things you should know about Elsie. The first thing is that she's my best friend. The second is that she always knows what to say to make me feel better. And the third thing...might take a bit more explaining. Eighty-four-year-old Florence has fallen in her flat at Cherry Tree Home for the Elderly. As she waits to be rescued, she thinks about her friend Elsie and wonders if a terrible secret from their past is about to come to light. If the charming new resident is who he claims to be, why does he look exactly like a man who died sixty years ago? From the acclaimed, bestselling author of *The Trouble with Goats and Sheep*, *Three Things About Elsie* "breathes with suspense, providing along the way piercing, poetic descriptions, countless tiny mysteries, and breathtaking little reveals...a rich portrait of old age and friendship stretched over a fascinating frame" (Kirkus Reviews, starred review). This is an "amusing and heartbreaking" (Publishers Weekly) story about forever friends on the twisting path of life who come to understand how the fine threads of humanity connect us all.

Three Things You Need to Know About Rockets-Jessica A. Fox 2013-08-27 In this inspiring, delightful memoir, a young woman decides to escape the daily grind and turn her "what if" fantasy into a reality, only to find work—and a man—she loves in one fell swoop, all in a secondhand bookstore in a quaint Scottish town. Jessica Fox was living in Hollywood, an ambitious 26-year-old film-maker with a high-stress job at NASA. Working late one night, craving another life, she was seized by a moment of inspiration and tapped "second hand bookshop Scotland" into Google. She clicked the first link she saw. A month later, she arrived 2,000 miles across the Atlantic in Wigtown, on the west coast of Scotland, and knocked on the door of the bookshop she would be living in for the next month . . . The rollercoaster journey that ensued—taking in Scottish Hanukkah, yoga on Galloway's west coast, and a waxing that she will never forget—would both break and mend her heart. It would also teach her that sometimes we must have the courage to travel the path less taken. Only then can we truly become the writers of our own stories.

Three Things I'd Never Do-Remi Carrington 2020-06-25 Never say never. There are three things I said I'd never do—move back in with my parents, let my mother set me up, and date a guy with a dog. Between a bolt of lightning and my mom's nagging, my 'never' list doesn't seem to stand a chance. Just as I'm trying to relax, a tree falls, trapping me in the bathtub. When Adam, a handsome firefighter, swoops in to rescue me, bubbles and all, I add one more never to my list: I never want to see him again. But as fate (and Mom) would have it, Adam ends up being my blind date. Surprisingly, he is perfect . . . except for one minor thing. He has dogs. Plural. As in, more than one. I may never get over my aversion to sloppy kisses (from the dogs), but for him I'm willing to at least try. When I volunteer to dog sit for the weekend, things go from bad to worse. Someone is bound to end in the doghouse forever . . . -----

----- Three Things I'd Never Do is a sweet romantic comedy with heartwarming characters and a touch of sizzle that will have you laughing your way to the happily ever after.

Cavedweller-Dorothy Allison 1999-05-01 From the author of the "flawless" (The New York Times Book Review) classic *Bastard Out of Carolina* comes *Cavedweller*, once again demonstrating Allison's unmatched strengths as a storyteller. When Delia Byrd packs up her old Datsun and her daughter Cissy and gets on the Santa Monica Freeway heading south and east, she is leaving everything she has known for ten years: the tinsel glitter of the rock 'n' roll world; her dreams of singing and songwriting; and a life lived on credit cards and whiskey with a man who made promises he couldn't keep. Delia Byrd is going back to Cayro, Georgia, to

reclaim her life--and the two daughters she left behind...Told in the incantatory voice of one of America's most eloquent storytellers, Cavedweller is a sweeping novel of the human spirit, the lost and hidden recesses of the heart, and the place where violence and redemption intersect.

Zero to One-Peter Thiel 2014-09-16 #1 NEW YORK TIMES BESTSELLER If you want to build a better future, you must believe in secrets. The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In Zero to One, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we're too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won't make a search engine. Tomorrow's champions will not win by competing ruthlessly in today's marketplace. They will escape competition altogether, because their businesses will be unique. Zero to One presents at once an optimistic view of the future of progress in America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

Two Or Three Things I'm Dying to Tell You-Jalal Toufic 2005 Cultural Writing. "What was Orpheus dying to tell his wife, Eurydice? What was Judy dying to tell her beloved, Scottie, in Hitchcock's Vertigo? What were the previous one-night wives of King Shahrayar dying to tell Shahrazad? What was the Christian God "dying" to tell us? What were the faces of the candidates in the 2000 parliamentary election in Lebanon "dying" to tell voters and nonvoters alike? While writing (Vampires): An Uneasy Essay on the Undead in Film and Undying Love, or Love Dies, I, a mortal to death, was dying to tell these books' readers and

myself about diegetic silence-over, which produces a dead stop and reveals the occasional natural immobilization of the living as merely a variety of movement; and an unreality that sometimes behaves in a filmic manner, inducing the undead to wonder: "Am I in a film?"; as well as a significant number of other anomalies"--Jalal Toufic. "Resurrection through simulation-an end time fantasy in real time. The graves open...the dead walk...Toufic is a sort of poststructuralist spiritualist, a critical medium for the peculiar specters that haunt the society of the spectacle."—Ben Lerner "Jalal Toufic is an amazing writer. He documents the moves of consciousness in a way that leads the reader ever deeper, from impasse to illusion to new impasse—turning the trap of 'what can't be named' into a true paradise."—Richard Foreman

Skin-Dorothy Allison 2013-05-28 A collection of critical essays from award-winning author Dorothy Allison about identity, gender politics, and queer theory, now with a new preface Lambda Award and American Library Association's Stonewall Book Award-winning author Dorothy Allison is known for her bold and insightful writing on issues of class and sexuality. In Skin, she approaches these topics through twenty-three impassioned essays that explore her identity—from her childhood in a poor family in South Carolina to her adult life as a lesbian in the suburbs of New York—and her sexuality. In "Gun Crazy," Allison delves into what guns meant to the men and women around her when she was growing up. She gives insight into the importance of speaking professionally about sexuality in "Talking to Straight People," and articulates the danger women feel about revealing their personal desires, even within feminist communities, in "Public Silence, Private Terror." Allison is fearless in her discussion of many social and political taboos. Compelling and raw, Skin is an honest and intimate work—perfect for Dorothy Allison fans and new readers alike.

Dreams from My Father: A Story of Race and Inheritance-Barack Obama In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Pictured in lefthand photograph on cover: Habiba Akumu Hussein and Barack Obama, Sr. (President Obama's paternal grandmother and his father as a young boy). 63 Things an Oxford and Harvard Education Doesn't Teach Us-Abesh Choudhury 2013-06-02 63 Things an Oxford and Harvard Education Doesn't Teach Us. \*\*\*\*\* It is rather popular, and somewhat fashionable, to underrate formal education. But, formal education is, just that. Formal education. The author, Abesh Choudhury, an Oxford University and Harvard Law School lawyer, realised to his great dismay that twelve years after the formal education was done, he was left severely wanting in skills, thought-processes, and wisdom, that his University education had apparently not taught him. Did he miss something that had been offered to him at Oxford or Harvard? Does the First Class Degree at Oxford simply reflect Abesh's clever exam-writing skills? Or, is it the somewhat disturbing fact that some things can, simply, not be taught? Abesh's book sets out sixty-three things he wishes he had been taught at University; things he either hadn't been taught, or those, he'd sadly missed learning. The book does not undermine the benefits of a good formal education.

The Legend that was Clapham-Bullock Donald Frederick Wheatley 2002 The ancient parish of Clapham was peopled by a unique and long established community with a fiercely beating heart of its own - until the City fathers decided to destroy it. In The Legend That Was Clapham, Donald Bullock describes its creation, its characters, its delightful way of life, and the tragedy of its destruction. He paints scenes and happenings that are, by today's standards, scarcely credible. It is a tragically sad, uproariously funny, and immensely soul-searching story of a wonderful and unique culture that was wantonly and thoughtlessly destroyed by a set of misguided do-gooders. "A book that needed writing. Clapham was a paradise. Its needless destruction was wicked. People should know." - Jim Clements "Terrible. They wantonly destroyed

a community - a unique culture. Thank heavens it's all been put on record." - Jennifer Davies "At last only my Dad's shop was left. He wouldn't go. They fetched me to get him out. I found him crying at his counter. They began to batter the walls and I led him out peppered in debris. He was soon dead of a broken heart..." - Betty Dix "Moving and absorbing. I can't wait for the author's 'Hovels and Haydust' " - Wendy Lambert

But they both know all the talk of gift exchange, whose holiday ornaments go where, and what repairs and remodels will be needed to put Derrick's house on the market is only a smoke screen. Material Things-S. C. Knight 2013-09 When Cathy was growing up, a change was happening in society. Institutions that housed the mentally ill were being shut down and the mentally ill were being mainstreamed into society. Only the most acute and the most unstable were kept confined. Everything was tried to keep her family together in Massachusetts, but when her mother's psychosis became disabling and she was institutionalized in Danvers Massachusetts Mental Institute, she moved with her siblings to her father's boyhood home in Connecticut where he lived. A magical place, Cathy explored the time capsule, that was her new home. It was the oldest house on the street, built in the 1920's, bought by her grandmother where she raised him and his sister. With a few years of stability to build confidence, she then struggled through her father's and her brother's problems with mental illness. However, she found many friends and their families willing to help her. Set in the quaint countryside and coastal Connecticut towns of Brookfield and Devon in the 1970's, Cathy and her friends find adventures to create a happy and rich childhood in spite of the disappointments and lack that is inherent to dysfunctional families. Sure to have you laughing and crying, this book will leave you with hope that there really is a bucket of gold at the end of the rainbow if only we are bold enough to follow it.

The Book of Five Rings-Musashi Miyamoto 2017-10-23 The Book of Five Rings By Musashi Miyamoto  
The Three Realms-Martini Fisher 2014-12-26 The Three Realms is the first book of the series "Wayang: Stories from the Shadow Puppets". It is a story of the creation of the demigods and their heavens according to the Javanese culture, so recognized and beloved that they are accepted to the hearts of the Javanese people especially through wayang ("Shadow Puppets") performances. In an attempt to immortalize these stories that have been passed down through generations, Martini Fisher undertakes to delve deep into the heart of the Javanese culture through the wayang performances and rewrite these Ancient stories for a global audience. The story begins with Syed Anwar who would one day be destined to be the forefather of the gods. The story then follows the rule of Sang Hyang Manikmaya, his brothers, their descendants as they navigate through their various disguises and incarnations to ultimately find their happiness.

Outpost-Matthew Keith 2017-12-30 A small survivor community in a dystopian America wages an internal war on itself when the residents disagree what is best for their future. \*\*\* In rural Kentucky, one hundred and sixty-one survivors of the apocalyptic Great Rains huddle inside a one-block, walled off section of town: a place they call Outpost. It has been two years since the toxic rains fell. The people of Outpost have managed to survive by working together, scavenging food from empty homes and businesses, guarding one another while they sleep. They have persevered through their worst nightmare--or so they believed. But now a stranger has come to their community and offered them a choice: they can come with him and go to war with those responsible for destroying the world. Or they can do nothing and hope some other community has the courage to do what they can't. They've already suffered greater than they believed was possible, but many of them still want to fight. Others are skeptical. They don't believe the stranger's story and want nothing to do with furthering their own misery. They like things just the way they are... and they'll fight to keep it that way. Even if that fight is with those they call friend and neighbor.

Everything Is Cinema-Richard Brody 2008-05-13 A landmark biography explores the crucial resonances among the life, work, and times of one of the most influential filmmakers of our age When Jean-Luc Godard wed the ideals of filmmaking to the realities of autobiography and current events, he changed the nature of cinema. Unlike any earlier films, Godard's work shifts fluidly from fiction to documentary, from criticism to art. The man himself also projects shifting images—cultural hero, fierce loner, shrewd businessman. Hailed by filmmakers as a—if not the—key influence on cinema, Godard has entered the modern canon, a figure as mysterious as he is indispensable. In Everything Is Cinema, critic Richard Brody has amassed hundreds of interviews to demystify the elusive director and his work. Paying as much attention to Godard's technical inventions as to the political forces of the postwar world, Brody traces an arc from the director's early critical writing, through his popular success with *Breathless*, to the grand vision of his later years. He vividly depicts Godard's wealthy conservative family, his fluid politics, and his tumultuous dealings with women and fellow New Wave filmmakers. Everything Is Cinema confirms Godard's greatness and shows decisively that his films have left their mark on screens everywhere.

Turtle Island-Dave Henry 2017-03-16 Sixteen-year-old Max and 10-year-old Tessa were fully prepared for another horrible summer vacation. While they always hoped to go somewhere fun like Disney World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as *I Plan to Kill You Now* and the sequel, *I Plan to Kill You Now, Too*, the ninja film, *Chuck Butcher: Sword Wielding Jackal*, as well as the light-hearted romp, *Harry Hinkleoffer* and the *Giant Dancing Toad of East Nebraska* -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.

("Or else what, Scott? What?") In book two, the plot thickens as we meet Margo's softball catcher Tara Longbaugh, whose nickname around school is "Tara Fawcett-Majors," and who hangs around Margo like a puppy dog... Brian's best friend Marty Morone, a shy kid who's obsessed with the Beatles and has a crush on Margo... and Kathy Kelly, Christy's 18-year-old sister, who's got a bad case of senioritis and a boyfriend whom she can't decide whether to take to the prom or never ever see again.
