Nature and the Human Soul-Bill Plotkin 2010-10-04 Addressing the pervasive longing for meaning and fulfillment in this time of crisis, Nature and the Human Soul introduces a visionary ecopsychology of human development that reveals how fully and creatively we can mature when soul and wild nature guide us. Depth psychologist and wilderness guide Bill Plotkin presents a model for a human life span rooted in the cycles and qualities of the natural world, a blueprint for individual development that ultimately yields a strategy for cultural transformation. If it is true, as Plotkin and others observe, that we live in a culture dominated by adolescent habits and desires, then the enduring societal changes we so desperately need won't happen until we individually and collectively evolve into an engaged, authentic adulthood. With evocative language and personal stories, including those of elders Thomas Berry and Joanna Macy, this book defines eight stages of human life — Innocent, Explorer, Thespian, Wanderer, Soul Apprentice, Artisan, Master, and Sage — and describes the challenges and benefits of each. Plotkin offers a way of progressing from our current egocentric, aggressively competitive, consumer society to an ecocentric, soul-based one that is sustainable, cooperative, and compassionate. At once a primer on human development and a manifesto for change, Nature and the Human Soul fashions a template for a more mature, fulfilling, and purposeful life — and a better world.

The Ruin of Evangeline Jones-Julia Bennet 2020-04-27 Alex Stanton just inherited a dukedom but his true passion is uncovering charlatans and frauds wherever he finds them. Spiritualist and medium Evangeline “Evie” Jones is the biggest fake of all and he’s determined to expose her lies for all of London to see. Her prim manner and ladylike airs don’t fool him. He sees the hunger beneath and recognizes a worthy opponent. He can’t deny the dark undercurrents of lust between them. Evie worked her way up from the gutter and she’s not about to abandon the life she’s built for fear of this aristocratic dilettante. She knows his type. She sees the attraction simmering beneath his animosity, and she knows how to use it to keep him off balance. They strike a bargain. He has one week to prove she’s a fake. If he fails, he has to abandon all further attempts. If he succeeds, she’ll not only retire but make a public statement explaining all her tricks. Neither expects to find anything in common, not to mention anything to love, in the other. Both are blindsided by the affinity and blossoming tenderness between them. But even if it were possible for a lowly charlatan to live happily ever after with a duke, more is going on than either suspects. Someone else has brought them together for a sinister purpose of his own. Each book in the Harcastle Inheritance series is STANDALONE: \* The Madness of Miss Grey \* The Ruin of Evangeline Jones

The Last Supper-Klaus Wivel 2016-04-18 “A compelling story of the ethnic cleansing of Christian communities caught in the crossfire of the Middle East at war . . . Urgent and passionate” (Kirkus Reviews). In 2013, alarmed by scant attention paid to the hardships endured by the 7.5 million Christians in the Middle East, journalist Klaus Wivel—who practices no religion himself—traveled to Iraq, Lebanon, Egypt, and the Palestinian territories on a quest to learn more about their fate. He found an oppressed minority, constantly under threat of death and humiliation, increasingly desperate in the face of rising Islamic extremism and without hope that their situation would improve, or anyone would come to their aid. Wivel spoke with priests whose churches have been burned, citizens who feel like strangers in their own countries, and entire communities whose only hope for survival may be fleeing into exile. With the increase of religious violence in recent years, The Last Supper is a prescient and unsettling account of a severely beleaguered religious group living, so it seems, on borrowed time. In this book, Wivel recounts this humanitarian crisis in detail and asks why we have not done more to protect these people.

Advances in Physical Ergonomics and Human Factors-Ravindra S. Goonetilleke 2017-06-22 This book reports on the state of the art in physical ergonomics and is concerned with the design of products, process, services, and work systems to assure their productive, safe, and satisfying use by people. With focus on the human body's responses to physical and physiological work demands, repetitive strain injuries from repetition, vibration, force, and posture are the most common types of issues examined, along with their design implications. The book explores a wide range of topics in physical ergonomics, which includes the consequences of repetitive motion, materials handling, workplace safety, and usability in the use of portable devices, design, working postures, and the work environment. Mastering physical ergonomics and safety engineering concepts is fundamental to the creation of products and systems that people are able to use, as well as the avoidance of stresses and minimization of the risk of accidents. Based on the AHFE 2017 Conference on Physical Ergonomics and Human Factors, July 17-21, 2017, in Los Angeles, California, USA, this book provides readers with a comprehensive view of the current challenges in Physical Ergonomics, which are a critical aspect in the design of any human-centered technological system, and factors influencing human performance.

Soulcraft-Bill Plotkin 2010-10-05 Since 1980, depth psychologist Bill Plotkin has been guiding women and men into the wilderness — the redrock canyons and snow-crested mountains of the American West — but also into the wilds of the soul. He calls this work soulcraft. There's a great longing in all people to uncover the secrets and mysteries of our individual lives, to find the unique gift we were born to bring to our communities, and to experience our full membership in the more-than-human world. This journey to soul is a descent into layers of the self much deeper than personality, a journey meant for each one of us, not just for the heroes and heroines of mythology. A modern handbook for the journey, Soulcraft is not an imitation of indigenous ways, but a contemporary nature-based approach born from wilderness experience, the traditions of Western culture, and the cross-cultural heritage of all humanity. Filled with stories, poems, and guidelines, Soulcraft introduces over 40 practices that facilitate the descent to soul, including dreamwork, wilderness vision fasts, talking across the species boundaries, council, self-designed ceremony, nature-based shadow work, and the arts of romance, being lost, and storytelling.

Jaffa Shared and Shattered-Daniel Monterescu 2015-08-24 Binational cities play a pivotal role in situations of long-term conflict, and few places have been more marked by the tension between intimate proximity and visceral hostility than Jaffa, one of the "mixed towns" of Israel/Palestine. In this nuanced ethnographic and historical study, Daniel Monterescu argues that such places challenge our assumptions about cities and nationalism, calling into question the Israeli state's policy of maintaining homogeneous, segregated, and ethnically stable spaces. Analyzing everyday interactions, life stories, and histories of violence, he reveals the politics of gentrification and the circumstantial coalitions that define the city. Drawing on key theorists in anthropology, sociology, urban studies, and political science, he outlines a new relational theory of sociality and spatiality.

The Illegal War on Libya-Cynthia McKinney 2012-07-03 In 2011, former Congresswoman and 2008 Green Party candidate for President, Cynthia McKinney, took a delegation of observers to Libya to monitor NATO's purported humanitarian intervention. Prefaced by Ramsey Clark, this collection of essays includes scholarly and legal analysis, as well as personal accounts by witnesses to the NATO assault on a helpless civilian population it had a UN mandate to protect, and the massive media propaganda campaign that made it possible. It responds to the many questions left unanswered by a complicit mainstream media, such as: ♦ Why Libya, not Bahrain, Yemen or Egypt? ♦ What was life in Libya like under Qadhafi? ♦ What is the truth about the so-called ♦Black Mercenaries"? ♦ What was the role of Western NGOs and the International Criminal Court? ♦ What about Africom's Plans for Africa? ♦ What did it have to do with Liby♦a independent central bank, its oil, its plans for an African currency, its efforts to free African states from the coils of the Bretton Woods Institutions? Cynthia McKinney and other contributors to this volume were in Libya during the period of the NATO bombardment of Libyan cities, and were among the few independent voices to report on the tragedy.
