The Founder's Mentality-Chris Zook 2016-05-17 A Washington Post Bestseller Three Principles for Managing—and Avoiding—the Problems of Growth Why is profitable growth so hard to achieve and sustain? Most executives manage their companies as if the solution to that problem lies in the external environment: find an attractive market, formulate the right strategy, win new customers. But when Bain & Company's Chris Zook and James Allen, authors of the bestselling Profit from the Core, researched this question, they found that when companies fail to achieve their growth targets, 90 percent of the time the root causes are internal, not external—increasing distance from the front lines, loss of accountability, proliferating processes and bureaucracy, to name only a few. What's more, companies experience a set of predictable internal crises, at predictable stages, as they grow. Even for healthy companies, these crises, if not managed properly, stifle the ability to grow further—and can actively lead to decline. The key insight from Zook and Allen's research is that managing these choke points requires a "founder's mentality"—behaviors typically embodied by a bold, ambitious founder—to restore speed, focus, and connection to customers: <ul style="list-style-type: none"><li>An insurgent's clear mission and purpose</li> <li>An unambiguous owner mindset</li> <li>A relentless obsession with the front line</li></ul> Based on the authors' decade-long study of companies in more than forty countries, The Founder's Mentality demonstrates the strong relationship between these three traits in companies of all kinds—not just start-ups—and their ability to sustain performance. Through rich analysis and inspiring examples, this book shows how any leader—not only a founder—can instill and leverage a founder's mentality throughout their organization and find lasting, profitable growth.
Princess Decomposita and Count Spatula-Andi Watson 2015-02-24 Princess Decomposita is overworked and underappreciated. This princess of the underworld has plenty of her own work to do but always seems to find herself doing her layabout father's job, as well. The king doesn't feel quite well, you see. Ever. So the princess is left scurrying through the halls, dodging her mummy, werewolf, and ghost subjects, always running behind and always buried under a ton of paperwork. Oh, and her father just fired the chef, so now she has to hire a new cook as well. Luckily for Princess Decomposita, she makes a good hire in Count Spatula, the vampire chef with a sweet tooth. He's a charming go-getter of a blood-sucker, and pretty soon the two young ghouls become friends. And then...more than friends? Maybe eventually, but first Princess Decomposita has to sort out her life. And with Count Spatula at her side, you can be sure she'll succeed. Andi Watson (Glistler, Gum Girl) brings his signature gothy-cute sensibility to this very sweet and mildly spooky tale of friendship, family, and management training for the undead.

Star Wars Memories-Craig Miller 2019-11-03 Craig Miller was the original Director of Fan Relations at Lucasfilm, working on "Star Wars" and "The Empire Strikes Back". As part of that, he was a publicist, a writer, an editor, and a producer. He wrote press material and articles, created and ran the Official Star Wars Fan Club, oversaw a staff who opened and responded to the seeming tons of fan mail the films received, worked with licensees, created a telephone publicity stunt that accidentally shut down the state of Illinois' phone system, was the producer on projects ranging from episodes of "Sesame Street" to commercials for Underoos ("underwear that's fun to wear"), operated R2-D2, and spent weeks hanging out on the set of "The Empire Strikes Back".In "Star Wars Memories" he talks about all of that and more, including Mark Hamill barbecuing him a burger in London, having lunch in a Sunset Strip restaurant with Harrison Ford while he rolled and smoked a joint, and watching Carrie Fisher introduce "The Empire Strikes Back"'s British production crew to tacos. In the words of Gary Kurtz, producer of "Star Wars" and "The Empire Strikes Back", "'Star Wars Memories' gives a look at the original Star Wars films and Lucasfilm from Craig Miller's unique perspective. This isn't another 'making of' book with the same stories and information that have appeared in other books and countless magazine articles. It's a book of stories you haven't heard before; an insider's look from someone who, himself, is a fan and found the whole experience joyful and exciting. These stories are told in a way that brings you in and makes you feel like you were there."

The Buyer's Guide For Comic Fandom This beautifully illustrated book captures the essence of Carl Barks, the man who brought Donald Duck into the hearts of a generation of Americans. Only Michael Barrier, who is uniquely familiar with both Bark's life and works, could assemble this definitive introduction to Barks' creations. Barrier traces Barks' life as a young cartoonist who eventually joined the Walt Disney Studios during the depression. Upon joining the Western Publishing Company in 1942, Barks produced vivid tales which captured comic book readers' imaginations for the following two decades. Barks brought to life such unforgettable characters as Uncle Scrooge, the Beagle Boys, and the other zany inhabitants of Duckburg. Although Barks' art was readily accessible to children, his stories contained satire aimed at the foibles of a nation immersed in the Cold War and new-found material success. In addition to chronicling Barks' life, this book provides a definitive bibliography of Barks' works. The bibliography is enhanced by quotations from Barks on specific works as well as comments from Kim Weston. Cost \$90.00 plus shipping and handling.
