Handgun Buyer's Guide-Brad Fitzpatrick 2015-11-17 The one-stop-shop for prospective handgun buyers. The market for new handguns is expanding rapidly, and that's good news for consumers. Each year more and more new models break cover and there has never been a better time to be in the market for a new handgun, whether you're a recreational shooter, a concealed carry permit holder, a hunter or a serious competitive shooter. Today's handguns offer superb machining and utilize some of the most technologically-advanced alloys, polymers and finishes to help make the current crop of handguns lightweight, accurate, durable, and affordable. This increase in product offerings stem from new interest in handguns, primarily as a result of nationwide issuance of concealed carry permits. As laws have been enacted that protect the rights of gun owners and defend our personal liberties, more and more new shooters are showing up on the range. But first-time shooters and new concealed carry permit holders are not the only segment of the handgun market that is seeing growth and interest. Pistol competitions have become more popular and more advanced, evolving from slow-fire matches at local gun clubs to modern IPSC, IDPA and 3-gun competitions. Handgun Buyer's Guide will help both the bewildered new shooter find their feet and purchase a handgun, find the best accessories, and locate a place to practice on hone their skills. You'll find all you need for owning a handgun in the Handgun Owner's Guide! Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

The Handgun Guide for Women-Tara Dixon Engel 2015-10-23 The Handgun Guide for Women is a common sense, step-by-step guide to purchasing a gun, securely keeping a gun in the home, and being a safe gun owner 100 percent of the time. Gun Trader's Guide, Thirty-Ninth Edition-Robert A. Sadowski 2017-10-03 If you are seeking a comprehensive reference for collectible gun values, the Gun Trader's Guide is the only book you need. For more than half a century, this guide has been the standard reference for collectors, curators, dealers, shooters, and gun enthusiasts. Updated annually, it remains the definitive source for making informed decisions on used firearms purchases. Included are extensive listings for handguns, shotguns, and rifles from some of the most popular manufacturers, including Beretta, Browning, Colt, Remington, Savage, Smith & Wesson, Winchester, and many more. This thirty-ninth edition boasts dozens of new entries since last year's edition and includes a complete index and a guide on how to properly and effectively use this book in order to find the market value for your collectible modern firearm. Determine the new prices for any firearm you want to sell or trade, whether its condition is in box, excellent, or good. With new introductory materials that every gun collector and potential buyer should read, this book is the ultimate guide to purchasing classic or discontinued firearms. No matter what kind of modern firearm you own or collect, the Gun Trader's Guide should remain close at hand. Handgun Stopping Power-Evan Marshall 1992-01-01 Dramatic first-hand accounts of the results of handgun rounds fired into criminals by cops, storeowners, cabbies and others are the heart and soul of this long-awaited book. This is the definitive methodology for predicting the stopping power of handgun loads, the first to take into account what really happens when a bullet meets a man.

Before you spend another dollar on guns or gear, arm yourself with the facts-with Guns Illustrated 2011! &#x27;IT'S ALL HERE!&#x27;&#x27; Reports from the Field&#x27;&#x27; Handguns&#x27;&#x27; Rifles&#x27;&#x27; Shotguns&#x27;&#x27; Ammo&#x27;&#x27; Reloading Supplies&#x27;&#x27; Optics&#x27;&#x27; Airguns&#x27;&#x27; Black Powder&#x27;&#x27; Informative Articles on Special-Interest Guns &#x27;&#x27; Ballistics Tables&#x27;&#x27; Manufacturers Directory&#x27;&#x27; And more FIREARM SAFETY CERTIFICATE - M-California Department of Justice 2016-12-01 The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm.

Handgun Combatives - 2nd Edition-Dave Spaulding 2010-09-01 Extremely popular and hailed by trainers and officers nationwide as one of the most realistic all-encompassing firearms guides ever published. Handgun Combative overflows with the street-proven wisdom and priceless advice of prominent gun expert Dave Spaulding. Includes insight into weapon, ammo & holster selection, grip tips for better weapon retention, increasing accuracy, skillful firearms use in challenging settings, preparing for quick response and peak performance, and training for weak hand shooting. No officer should be without this book...period. Combat Handguns-Leroy Thompson 2004 This compact reference guide, by respected expert Leroy Thompson, provides descriptions, technical specifications and illustrations of the world's leading handguns in use and in service today. A wide range of combat handguns is in use around the world, constantly developing to give greater accuracy and reliability. Leroy Thompson, who has used and tested countless models and variants, shows how gun design has benefited from new and innovative ideas to reach an astounding level of technical excellence. In this authoritative guide Thompson analyses strengths and weaknesses and provides data for each weapon on calibre, operation, overall length, weight, barrel, magazine and muzzle velocity. Combat Handguns covers weapons from Germany, Russia, Switzerland, the USA, South Africa and China. Up-to-date ballistics data. The latest handguns, loads and optics. Whether you're interested in self defense, hunting, plinking, or competition, this is the one book that should be on your shelf!

Dr. No-Ian Fleming 2017-07-11 It was a naked girl, with her back to him. She was not quite naked. She wore a broad leather belt round her waist with a hunting knife in a leather sheath at her right hip. The belt made her nakedness extraordinarily erotic. She stood not more than five yards away on the tideline looking down at something in her hand. She stood in the classical relaxed pose of the nude, all the weight on the right leg and the left knee bent and turning slightly inward, the head to one side as she examined the things in her hand. M called this case a soft option. Bond can't quite agree. The tropical island is luxurious, the seductive Honey Rider is beautiful and willing. But they are both part of the empire of Dr. No. The doctor is a worthy adversary, with a mind as hard and cold as his solid steel glasses. Dr. No's obsession is power. His only gifts are strictly pain-shaped. 'Masterful...beautifully written.'--Raymond Chandler, The Sunday Times. 'The essence of a James Bond thriller is its speed, its knowingness...Dr. No has a full quota of every ingredient. Bond is better than ever.'--Evening Standard. 'Wildly thrilling, packed with convincing technical detail.'--C. Day Lewis, BBC World of Books. 'Pace, brilliant descriptive powers, superb imagination...sheer entertainment.'--Spectator. WALTHER-Manfred Kersten 2002-08-26 The story behind the legendary gunmanker is told in a full-color, oversized book. Lavishly illustrated with color and black-and-white photographs.

Mine/Countermine Operations-Department of the Army 2013-06-08 The guidance provided focuses on individual skills of emplacing and removing mines, team and squad tasks, platoon and company organization and panning, and battalion/task force organization and coordination for successful obstacle reduction and breaching operations. Shooter's Bible, 110th Edition-Jay Cassell 2018-10-02 Published annually for more than eighty years, the Shooter's Bible is the most comprehensive and sought-after reference guide for new firearms and their specifications, as well as for thousands of guns that have been in production and are currently on the market. Nearly every firearms manufacturer in the world is included in this renowned compendium. The 110th edition also contains new and existing product sections on ammunition, optics, and accessories, along with updated handgun and rifle ballistic tables and extensive charts of currently available bullets and projectiles for handloading. With a timely feature on the newest products on the market, and complete with color and black-and-white photographs featuring various makes and models of firearms and equipment, the Shooter's Bible is an essential authority for any beginner or experienced hunter, firearm collector, or gun enthusiast. Shoot to Win-Chris Cheng 2018-05-01 A surprising journey from tech support to professional marksman in front of the cameras. Chris Cheng won the title of "Top Shot," a \$100,000 cash prize, and a professional marksman contract with the show sponsor, Bass Pro Shops. How did a tech support guy who didn't shoot a lot of guns beat out seventeen other competitors--including seasoned military veterans, law enforcement officers, and pro marksmen--in History Channel's Top Shot season 4? An excellent guide for beginning shooters, Cheng focuses on the basics and ammunition of pistols, rifles, and shotguns, marksmanship fundamentals, and buying a firearm. Other chapters include: Dry Fire Practice Firearm Accessories Safely Storing Your Firearm Cleaning and Maintaining Your Guns And much more! Additionally, Cheng covers his approach to staying calm under pressure, teamwork, sportsmanship, and leadership. These traits contributed to his coming out on top and staying above the fray. With a foreword written by Top Shot season 3 champion Dustin Ellermann and an afterword written by the original Top Shot champion Iain Harrison, Shoot to Win is sure to please shooters of all stripes, but especially fans of History Channel's program Top Shot. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

American Rifle-Alexander Rose 2008-10-21 George Washington insisted that his portrait be painted with one. Daniel Boone created a legend with one. Abraham Lincoln shot them on the White House lawn. And Teddy Roosevelt had his specially customized. Now, in this first-of-its-kind book, historian Alexander Rose delivers a colorful, engrossing biography of an American icon: the rifle. Drawing on the words of soldiers, inventors, and presidents, based on extensive new research, and encompassing the Revolution to the present day, American Rifle is a balanced, wonderfully entertaining history of this most essential firearm and its place in American culture. In the eighteenth century American soldiers discovered that they no longer had to fight in Europe's time-honored way. With the evolution of the famed "Kentucky" Rifle--a weapon slow to load but devastatingly accurate in the hands of a master--a new era of warfare dawned, heralding the birth of the American individualist in battle. In this spirited narrative, Alexander Rose reveals the hidden connections between the rifle's development and our nation's history. We witness the high-stakes international competition to produce the most potent gunpowder . . . how the mysterious arts of metallurgy, gunsmithing, and mass production played vital roles in the creation of American economic supremacy . . . and the ways in which bitter infighting between rival arms makers shaped diplomacy and influenced the most momentous decisions in American history. And we learn why advances in rifle technology and ammunition triggered revolutions in military tactics, how ballistics tests--frequently bizarre--were secretly conducted, and which firearms determined the course of entire wars. From physics to geopolitics, from frontiersmen to the birth of the National Rifle Association, from the battles of the Revolution to the war in Iraq, American Rifle is a must read for history buffs, gun collectors, soldiers--and anyone who seeks to understand the dynamic relationship between the rifle and this nation's history. From the Hardcover edition.

Smith & Wesson-Roy G. Jinks 2006 Horace Smith and Daniel Baird Wesson shared a dream of manufacturing a firearm that could fire repeatedly, using a new and self-contained cartridge. In 1852, the dream became a reality with the founding of Smith & Wesson Firearms Company. Over the next 154 years, the company grew to be one of the most innovative and respected firearms manufacturers in the world. The story of Smith & Wesson is not only about two knowledgeable and enterprising men but also the story of generations of creative and dedicated men and women. The spirit of innovation generated by the partners has long outlived them. Today Smith & Wesson is synonymous with quality, performance, and durability. Smith & Wesson explores the company history, its people, and significant products from the partners' first venture in 1852 to the sale of the Wesson family business in 1965. This book features rarely seen historical photographs, advertisements, and company documents culled from the company archives, museums collections, and the private collections of Smith & Wesson collectors.

The First Americans-James Adovasio 2009-01-16 J. M. Adovasio has spent the last thirty years at the center of one of our most fiery scientific debates: Who were the first humans in the Americas, and how and when did they get there? At its heart, The First Americans is the story of the revolution in thinking that Adovasio and his fellow archaeologists have brought about, and the firestorm it has ignited. As he writes, "The work of lifetimes has been put at risk, reputations have been damaged, an astounding amount of silliness and even profound stupidity has been taken as serious thought, and always lurking in the background of all the argumentation and gnashing of teeth has been the question of whether the field of archaeology can ever be pursued as a science."

The Competitive AR15-Glen D. Zediker 2010 Goldfinger-Ian Fleming 2017-07-11 "Keep away from MR. AURIC GOLDFINGER. He is a most powerful man. If he wished to crush you, he would only have to roll over in his sleep to do so." OPERATION GRAND SLAM Secret agent James Bond had been warned not to tangle with Goldfinger. But the super-criminal's latest obsession was too strong, too dangerous. He had to be stopped. Goldfinger was determined to take possession of half the supply of mined gold in the world--to rob Fort Knox! For this incredible venture he had enlisted the aid of the top criminals in the U.S., including a bevy of beautiful thieves from the Bronx. And he had conceived so foolproof a plan that it would take all of Bond's unique talents to make it fail--as fail it must. JAMES BOND challenges GOLDFINGER, THE MOST EVIL GENIUS HE HAS EVER FACED. He's a phenomenal criminal who likes his women dressed only in gold paint. He's a magnificent fiend who carries his cash in gold bars. He's a powerful villain who plans to pull the biggest and boldest crime in history--the robbery of all the gold in Fort Knox. "It's all marvellously intricate and polished storytelling, all absurdly impossible, all superlative fun."--Cleveland News. "We recommend Goldfinger for just what it is: sophisticated, tongue-in-cheek entertainment par excellence."--Playboy Magazine. "If you like heroes heroic, a woman who proves, finally, that she's all woman, and a villain who is a dirty dog, then Goldfinger is for you."--Detroit Sunday Times. The Complete Encyclopedia of Pistols and Revolvers-A.E. Hartink 2013-01-03 This extensive and useful encyclopedia is specially written for sport shooters, weapons collectors, and government officials. Inside readers will find: an extensive glossary of technical terms and types of ammunition, complete with full color illustrations Information on arms manufacturers and makes of pistols from around the world; detailed descriptions of each weapon, often accompanied by its history and development Information on handguns of the nineteenth, twentieth, and twenty first centuries; an extensive index to help readers find specific weapons or subjects; and hundreds of color photographs of pistols and revolvers. Listed in alphabetical order by manufacturer, the principal data for individual guns is given, along with extensive information on the development of each weapon. The book addresses all the technical terminology, such as the locking and safety systems of pistols and revolvers, as well as information on handgun ammunition. Readers will find all the important models listed in this reference book.

Whether you're in the planning stages or putting the finishing touches on your custom AR-15, this comprehensive guide helps you understand your options for nearly every conceivable variation. Firearms Encyclopedia-George C. Nonte 1973 Defines gun and shooting terms. Includes appendix and index.

Trigger Mortis-Anthony Horowitz 2015-09-08 James Bond, the world's most famous spy, returns to his 1950s heyday in this thriller from New York Times bestselling author Anthony Horowitz, incorporating never-before-published material from 007's creator, Ian Fleming. James Bond won his battle with criminal mastermind Auric Goldfinger, but a whole new war is about to begin. With glamorous Pussy Galore by his side--and in his bed--Bond arrives home from America to the news that SMERSH, the deadly Soviet counterintelligence agency, plans to sabotage an international Grand Prix. He must play a high-speed game of cat and mouse on the track to stop them, but a chance encounter with a mysterious Korean millionaire, Jason Sin, warns him that the scheme is only the Soviets' opening move. This dashing and seductive narrative of fast cars, beautiful women, and ruthless villains has all the hallmarks of an Ian Fleming original, including familiar faces such as M and Miss Moneypenny. Trigger Mortis pits Bond and American adventurer Jeopardy Lane against a cold-blooded tycoon determined to bring America to its knees--with the help of SMERSH, who will pay any price to secure Soviet victory in the space race now at the heart of the Cold War. The clock is ticking as the scheme unfolds, culminating in a heart-stopping New York City showdown that will determine the fate of the West.

The Next 100 Years-George Friedman 2009-01-27 China fragments, a new Cold War with Russia, Mexico challenges U.S., the new great powers Turkey, Poland and Japan. The Next 100 Years is a fascinating, eye-opening and often shocking look at what lies ahead for the U.S. and the world from one of our most incisive futurists. In his provocative book, George Friedman turns his eye on the future--offering a lucid, highly readable forecast of the changes we can expect around the world during the twenty-first century. He explains where and why future wars will erupt (and how they will be fought), which nations will gain and lose economic and political power, and how new technologies and cultural trends will alter the way we live in the new century. The Next 100 Years draws on a fascinating exploration of history and geopolitical patterns dating back hundreds of years. Friedman shows that we are now, for the first time in half a millennium, at the dawn of a new era--with changes in store, including: • The U.S.-Jihadist war will conclude--replaced by a second full-blown cold war with Russia. • China will undergo a major extended internal crisis, and Mexico will emerge as an important world power. • A new global war will unfold toward the middle of the century between the United States and an unexpected coalition from Eastern Europe, Eurasia, and the Far East; but armies will be much smaller and wars will be less deadly. • Technology will focus on space--both for major military uses and for a dramatic new energy resource that will have radical environmental implications. • The United States will experience a Golden Age in the second half of the century. Written with the keen insight and thoughtful analysis that has made George Friedman a renowned expert in geopolitics and forecasting, The Next 100 Years presents a fascinating picture of what lies ahead.

Know Your Walther Pp and Ppk Pistols-E. J. Hoffschmidt 1994-08-01 Firearms Curiosa-Lewis Winant 2009-12 This book is filled with pictures of rare, strange and unusual guns, firearms and other weapons. Lewis Winant was a major dealer and collector of firearms. He assembled here more than 300 pieces. The many strange and freakish gun fabrications that are shown in this book are a tribute to man's inventive energy as applied to the development of arms. From days just past and from days long gone, Lewis Winant has selected over 300 pieces as representative of the oddities that have been constructed to utilize the propelling force of gunpowder. There are pistols in knives and canes; pistols in flashlights, purses, plows, whips, bicycle handlebars, stirrups, keys, pipes, belts, sundials, and other contrivances. In addition there are other types classified as oddities, such as squeezers, knuckle-dusters, alarm and trap. There are combination weapons, turret, chain and harmonica pistols, guns using superposed and other variations from the norm. These remarkable firearms come from more than fifty collections.

Zero Minus Ten-Raymond Benson 2012 Harvesting H2o: a Prepper's Guide to the Collection, Treatment, and Storage of Drinking Water While Living Off the Grid-Nicholas Hyde 2012-12-21 How to find, purify, filter, and store clean drinking water is of primary importance to preppers and off-grid homesteaders. Handgun Training for Personal Protection-Richard Allen Mann 2013-04-22 The handgun is no longer a product purchased and used in an unaltered state. A vast assortment of accessories, including high performance sights, weapon lights and laser aiming devices have not only enhanced the handgun, they have changed the methodology and mindset of personal protection. In Handgun Training for Personal Protection: How to Choose & Use the Best Sights, Lights, Lasers & Ammunition, the first comprehensive book of its kind, shooting expert Richard A. Mann explores the world of these exciting advances and what they mean to your self-defense practices. Inside you'll find: How lasers, lights and sights are valuable in a defensive situation. Techniques for training with lasers, lights and sights that develop and reinforce effective use of the handgun in a defensive situation. A comprehensive explanation of sighting tool functionality. Information on the latest equipment options. "This book belongs in every shooter's library. Mann provides a practical, hands-on guide to working with your handgun and the equipment that goes with it. Along the way, common misconceptions are corrected, and often neglected topics are explained. This book will become your go-to reference." --Il Ling New, Gunsite Instructor "You will read it again and again, as your defensive ability and understanding grow. Take it to heart; it just might save your life." --Sheriff Jim Wilson, Senior Field Editor, NRA Publications

The Survival Compound-Wayne Bosak 2019-01-08 2nd edition - Re - Edited Being former cops they could not stand by and watch their neighbors be attacked by roving gangs. They evolved over time into a formidable fighting force to protect themselves and their neighbors. This is their story of the perils of survival.Jake invited five fellow cops and their families to join him and his family to set up a safe and secure retirement community in the Smoky Mountains of North Carolina. All the families worked together to become self sufficient and off the grid as they believed at some point in the not to distant future something would happen to cause a major collapse and survival situation. It did.

Guns in Combat-Chris Bishop 1998-06-01 Each weapon is illustrated by a large full-color cutaway artwork that shows each gun's working parts to full effect. Each weapon is shown in action, with a detailed article on the operation of each weapon. Guns and how They Work-Ian V. Hogg 1979 This book is about how guns work. Leaving aside, for the moment, the moral and psychological aspects, whatever else you may think of firearms, you have to admit that they are remarkable mechanical achievements. We have, in this book, tried to bring out some of the mechanics of firearms and show how the various technical problems were overcome, whilst not losing sight of the broad spectrum of historical development. Highlighted in the book are twenty-four of those guns worthy of the title "famous" because of their performance, their historical significance, or sheer charisma. For those unfamiliar with some of the terms and verbal shorthand associated with firearms, we have appended a section at the end of the book which will explain the mysteries of calibre notation and conversion. - Introduction.
