The Creative Entrepreneur-Lisa Sonora Beam 2011-02-09 The Creative Entrepreneur was voted Winner, in two categories—Craft and Business, of the 2009 IBPA (Independent Book Publishers Association) Benjamin Franklin Award which recognizes excellence in publishing. This book is for the large audience of artists, crafters, and creative individuals from all walks of life who desire to make a livelihood from their creative work, or who possibly have achieved some success, but don't know how to replicate it or move to another level of accomplishment. These crafty DIY artists are everywhere--they are holding alternative craft fairs, they advertise in the pages of Bust and ReadyMade and Craft, they are selling online by the thousands at Etsy.com, and are blogging at Typepad, LiveJournal, and Whipup.com. But many of them do not have the skills needed to take their business ideas to the next level. The Creative Entrepreneur takes readers on an inner journey of creative exploration to discover how to make their dreams of creative

livelihood real, as they craft their own Artist's Business Journal. The Artist's Business Journal is a visual, project-oriented, step-by-step approach to business development for artists from all walks of life who are mystified and possibly frustrated by how to make a business out of their creative work.

Mermaids Singing-Dilly Court 2011-04-30 A desperate childhood. An uncertain past. One chance at happiness ... Born into poverty and living under the roof of her violent and abusive brother-in-law, young Kitty Cox dreams of working in a women's dress shop in the West End - a million miles away from the reality of her life as a mud-lark, scavenging on the banks of the Thames. Fate soon intervenes and Kitty finds herself working as a skivvy for Sir Desmond and Lady Arabella Mableton in Mayfair. Bullied by the kitchen maids, Kitty is soon taken under Lady Arabella's wing and for the first time in her life Kitty dares to hope. But Lady 'Bella' has a secret and unable to live with her domineering husband she decides to leave, fighting for custody of their daughter, Leonie. Kitty will do anything for her mistress but her loyalty is severely tested as all their lives are thrown into turmoil and Kitty faces a life of poverty and hardship in the slums of the East End once more ...

Kill It & Grill It-Ted Nugent 2005-05-01 Here is the high-protein, high-octane, 'kill stuff, add fire, and enjoy' diet that's kept Ted Nugent and his beautiful wife Shemane fighting fit. Ted shares his favourite recipes for such exotic fare as wild boar, pheasant, buffalo and venison. And while he doesn't buy his meat wrapped in plastic, there are plenty of recipes to tide you over when the hunting party comes home empty handed. This book is essential for the kitchen library!

Next Generation Java Testing-Cédric Beust 2007-10-15 Enterprise Java developers must achieve broader, deeper test coverage, going beyond unit testing to implement functional and integration testing with systematic acceptance. Next Generation Java™ Testing introduces breakthrough Java testing techniques and TestNG, a powerful open source Java testing platform. Cédric Beust, TestNG's creator, and leading Java developer Hani Suleiman, present powerful, flexible testing patterns that will work with virtually any testing tool, framework, or language. They show how to leverage key Java platform improvements

designed to facilitate effective testing, such as dependency injection and mock objects. They also thoroughly introduce TestNG, demonstrating how it overcomes the limitations of older frameworks and enables new techniques, making it far easier to test today's complex software systems. Pragmatic and results-focused, Next Generation Java™ Testing will help Java developers build more robust code for today's mission-critical environments. This book illuminates the tradeoffs associated with testing, so you can make better decisions about what and how to test. Introduces TestNG, explains its goals and features, and shows how to apply them in real-world environments. Shows how to integrate TestNG with your existing code, development frameworks, and software libraries. Demonstrates how to test crucial code features, such as encapsulation, state sharing, scopes, and thread safety. Shows how to test application elements, including JavaEE APIs, databases, Web pages, and XML files. Presents advanced techniques: testing partial failures, factories, dependent testing, remote invocation, cluster-based test farms, and more. Walks through installing and using TestNG plug-ins for Eclipse, and IDEA. Contains extensive code examples. Whether you use TestNG, JUnit, or another testing framework, the testing design patterns presented in this book will show you how to improve your tests by giving you concrete advice on how to make your code and your design more testable.

U.S. Master Depreciation Guide 2008-CCH Tax Law Editors 2007-12 CCH's U.S. Master Depreciation Guide offers tax and accounting professionals who work with businesses a one-stop resource for guidance in understanding and applying the complex depreciation rules to their fixed assets. This area is especially challenging, because bits and pieces of applicable information must be gathered from a maze of Revenue Procedures, IRS Tables and IRS Regulations. These sources are frequently old and include some materials which may be non-applicable. CCH's U.S. Master Depreciation Guide pulls the pieces together, so practitioners can make sense of all the corresponding information and put the information into practice.

Life and Public Services of Gov. Rutherford B. Hayes-Russell H. Conwell 1876

Research Data Management-Joyce M. Ray 2014 It has become increasingly accepted that important digital data must be retained and shared in order to preserve and promote knowledge, advance research in and

across all disciplines of scholarly endeavor, and maximize the return on investment of public funds. To meet this challenge, colleges and universities are adding data services to existing infrastructures by drawing on the expertise of information professionals who are already involved in the acquisition, management and preservation of data in their daily jobs. Data services include planning and implementing good data management practices, thereby increasing researchers' ability to compete for grant funding and ensuring that data collections with continuing value are preserved for reuse. This volume provides a framework to guide information professionals in academic libraries, presses, and data centers through the process of managing research data from the planning stages through the life of a grant project and beyond. It illustrates principles of good practice with use-case examples and illuminates promising data service models through case studies of innovative, successful projects and collaborations. Business and Environmental Policy-Michael E. Kraft 2007-02-23 It is well known that American businesses make an effort to influence environmental policy by attempting to set the political agenda and to influence regulations and legislation. This book examines what is not so well known: the extent to which business succeeds in its policy interventions. In *Business and Environmental Policy*, a team of distinguished scholars systematically analyzes corporate influence at all stages of the policy process, focusing on the factors that determine the success or failure of business lobbying in Congress, state legislatures, local governments, federal and state agencies, and the courts. These experts consider whether business influence is effectively counterbalanced by the efforts of environmental groups, public opinion, and other forces. The book also examines the use of the media to influence public opinion—as in the battle over drilling in the Arctic National Wildlife Refuge—and corporations' efforts to sway elections by making campaign contributions. Because the book goes well beyond the existing literature—much of which is narrow, descriptive, and anecdotal—to provide broad-based empirical evidence of corporate influence on environmental policy, it makes an original and important contribution and is appropriate for a variety of undergraduate and graduate courses.
