You might not require more grow old to spend to go to the ebook introduction as well as search for them. In some cases, you likewise realize not discover the notice what happened at vatican ii that you are looking for. It will unconditionally squander the time.

However below, like you visit this web page, it will be in view of that unconditionally simple to acquire as with ease as download lead what happened at vatican ii

It will not bow to many times as we notify before. You can complete it though put on an act something else at house and even in your workplace. so easy! So, are you question? Just exercise just what we allow under as with ease as evaluation **what happened at vatican ii** what you in imitation of to read!

What Happened at Vatican II-John W. O'Malley 2010-05 A study that captures the drama of the Vatican Council II depicts the colorful characters involved and their clashes with one another, and offers a new set of interpretive categories for understanding the council's dynamics, issues, and accomplishments.

What Happened at Vatican II-John W. O'Malley, S. J. 2010-09-01 During four years in session, Vatican Council II held television audiences rapt with its elegant, magnificently choreographed public ceremonies, while its debates generated front-page news on a near-weekly basis. By virtually any assessment, it was the most important religious event of the twentieth century, with repercussions that reached far beyond the Catholic church. Remarkably enough, this is the first book, solidly based on official documentation, to give a

brief, readable account of the council from the moment Pope John XXIII announced it on January 25, 1959, until its conclusion on December 8, 1965.

What Happened at Vatican II-John W. O'Malley 1969 A study that captures the drama of the Vatican Council II depicts the colorful characters involved and their clashes with one another, and offers a new set of interpretive categories for understanding the council's dynamics, issues, and accomplishments.

Vatican II-John W. O'Malley 2007-11-15 A collection of essays discussing the controversies surrounding Vatican II.

Trent-John W. O'Malley 2013-01-15 Trent, the Catholic Church's attempt to put its house in order after the Reformation, has long been praised and blamed for things it never did. This one-volume history, the first in modern times, explores the volatile issues that pushed several Holy Roman emperors, kings and queens of France, five popes, and all of Europe to the brink of disaster.

Vatican II-Massimo Faggioli 2012 The death of John Paul II and the election of Benedict XVI constituted two important elements in the broad theological and cultural landscape of Catholicism. This change of pontificate has also nourished the journalistic and political dispute about Vatican II, its history and its legacy, and not only the historiographical and theological debate. But the research on Vatican II is already proceeding forward and beyond the state of knowledge about the Council reached at the end of the 90s. For 21st century Catholics and theologians interested in understanding contemporary Catholicism in the light of Vatican II the intellectual undertaking is far from accomplished yet. The book offers comprehensive presentation of the theological and historiographical debate about Council Vatican II. The attempt to go beyond "the clash of interpretations" - Vatican II as a rupture in the history of Catholicism on one side, the need to read Vatican II in continuity with the tradition on the other - is necessary indeed because the ongoing debate about Vatican II is largely misrepresented by the use of "clashing interpretations" as a tool for understanding the role of the council in present-day Catholicism.

When Bishops Meet-John W. O'Malley 2019-08-20 This unprecedented comparison of the three most recent Catholic councils traverses more than 450 years and examines the volume is from

most pressing and consistent concerns—issues of purpose, power, and relevance. John O'Malley addresses key questions councils raised. Who was in charge of the church? And what difference did the councils make?

Nostra Aetate-Austin Flannery 2014-06-01

Keys to the Council-Richard R. Gaillardetz 2012-02-01 As the church marks the fiftieth anniversary of the opening of the Second Vatican Council, too few Catholics have an adequate grasp of what the council contributed to the life of the church. The problem is understandable. The Second Vatican Council produced, by far, more document pages than any other council. Consequently, any attempt to master its core teachings can be daunting. There is a danger of missing the forest for the trees. With this in mind, Keys to the Council identifies twenty key conciliar passages, central texts that help us appreciate the Vision of the council fathers. Each chapter places the given passage in its larger historical context, explores its fundamental meaning and significance, and finally considers its larger significance for the life of the church today. Chapters include exploration of Sacrosanctum Concilium's demand for full, conscious, and active participation in the liturgy; Lumen Gentium's eucharistic ecclesiology; Gaudium et Spes's vision of marriage as an intimate partnership of life and love; Nostra Aetate's approach to non-Christian religions; and more.

Vatican II-Matthew L Lamb 2008-04-30 From 1962 to 1965, in perhaps the most important religious event of the twentieth century, the Second Vatican Council met to plot a course for the future of the Roman Catholic Church. After thousands of speeches, resolutions, and votes, the Council issued sixteen official documents on topics ranging from divine revelation to relations with non-Christians. In many ways, though, the real challenges began after the council was over and Catholics began to argue over the interpretation of the documents. Many analysts perceived the Council's far-reaching changes as breaks with Church tradition, and soon this became the dominant bias in the American and other media, which lacked the theological background to approach the documents on their own terms. In Vatican II: Renewal Within Tradition, an international team of theologians offers a different reading of the documents from Vatican II. The Council ~~was intended~~ from

jaremicarey.com on

putting forth a vision for the future of the Church, but that vision was grounded in two millennia of tradition. Taken together, these essays demonstrate that Vatican II's documents are a development from an established antecedent in the Roman Catholic Church. Each chapter contextualizes Vatican II teachings within that rich tradition. The resulting book is an indispensable and accessible companion to the Council's developments, one that focuses on theology and transcends the mass-media storyline of "liberal" versus "conservative."

The Long Shadow of Vatican II-Lucas Van Rompay 2015-07-01 With the Second Vatican Council (1962–65), the Roman Catholic Church for the first time took a positive stance on modernity. Its impact on the thought, worship, and actions of Catholics worldwide was enormous. Benefiting from a half century of insights gained since Vatican II ended, this volume focuses squarely on the ongoing aftermath and reinterpretation of the Council in the twenty-first century. In five penetrating essays, contributors examine crucial issues at the heart of Catholic life and identity, primarily but not exclusively within North American contexts. On a broader level, the volume as a whole illuminates the effects of the radical changes made at Vatican II on the lived religion of everyday Catholics. As framed by volume editors Lucas Van Rompay, Sam Miglarese, and David Morgan, the book's long view of the church's gradual and often contentious transition into contemporary times profiles a church and laity who seem committed to many mutual values but feel that implementation of the changes agreed to in principle at the Council is far from accomplished. The election in 2013 of the charismatic Pope Francis has added yet another dimension to the search for the meaning of Vatican II. The contributors are Catherine E. Clifford, Hillary Kaell, Leo D. Lefebure, Jill Peterfeso, and Leslie Woodcock Tentler.

Mass Exodus-Stephen Bullivant 2019 In 1962, Pope John XXIII opened the Second Vatican Council with the prophecy that 'a new day is dawning on the Church, bathing her in radiant splendour'. Desiring 'to impart an ever increasing vigour to the Christian life of the faithful', the Council Fathers devoted particular attention to the laity, and set in motion a series of sweeping reforms. The most significant of these centred on refashioning the Church.

Downloaded from
jaremicarey.com on

'the source and summit of the Christian life'--in order to make 'it pastorally efficacious to the fullest degree'. Over fifty years on, however, the statistics speak for themselves. In America, only 15% of cradle Catholics say that they attend Mass on a weekly basis; meanwhile, 35% no longer even tick the 'Catholic box' on surveys. In Britain, the signs are direr still. Of those raised Catholic, just 13% still attend Mass weekly, and 37% say they have 'no religion'. But is this all the fault of Vatican II, and its runaway reforms? Or are wider social, cultural, and moral forces primarily to blame? Catholicism is not the only Christian group to have suffered serious declines since the 1960s. If anything Catholics exhibit higher church attendance, and better retention, than most Protestant churches do. If Vatican II is not the cause of Catholicism's crisis, might it instead be the secret to its comparative success? Mass Exodus is the first serious historical and sociological study of Catholic lapsation and disaffiliation. Drawing on a wide range of theological, historical, and sociological sources, Stephen Bullivant offers a comparative study of secularization across two famously contrasting religious cultures: Britain and the USA.

A Layman's Guide to Vatican II-Arnaud de Lassus 2019-10

Wondering what to think about the doctrinal deviations of Vatican II? "The laity cannot remain silent in the face of the errors that threaten their Faith. While remaining in their place as laity, they must fight these errors and, at the same time, know well, profess, and defend the truths to which these errors are opposed."-Fr.

Arnaud De Lassus The Layman's Guide to Vatican II is a summary of the need-to-know essentials from the Second Vatican Council. It offers a concise outline of events, an explanation of the Council origins and a breakdown of its key documents. Using accessible language, it proceeds with astounding clarity to define and explain each of the errors of Vatican II. Topics of interest for the curious Catholic:* History of Vatican II* Documents produced by Vatican II* What are Religious Liberty, Collegiality, and Ecumenism * Protestant-inspired shift from a God-focused Church to a man-focused Church * Departure of the Second Vatican Council from the traditional teachings of the ChurchThis brief, easy-to-read text is an aid for Catholics to better understand Vatican II and today's modern crisis. If you're looking for quick access to the facts, or

Still Interpreting Vatican II-Ormond Rush 2004 In this original book, Ormond Rush makes a significant contribution to the growing body of scholarship on Vatican II. He proposes that a comprehensive interpretation of Vatican II requires that the interpreter not only attempt a reconstruction of the "spirit" of the council emerging during the conciliar debates, but also take into account the various linguistic dimensions of the "letter" of the documents. Attention to genre, structure, rhetoric, intratextuality and intertextuality are all significant in reconstructing the "letter" of the council. In addition, he states that reconstruction of the "spirit" and "letter" must be supplemented by attention to another factor: the post-conciliar reception of the council from different contexts throughout the world over the last forty years. All three of these phases of interpretation must be kept in correlation. The book ends with a proposal for a reception pneumatology that calls for greater recognition of the work of reception as the work of the Holy Spirit of the council. Highlights: --fills a significant gap in the debate regarding Vatican II: clarity in the discussion regarding hermeneutical principles --no book in any language focuses specifically on the principles for interpreting Vatican II --calls for a more comprehensive approach that includes not only attention to the process of original formulation, but also to the texts in themselves --suggests a way through the current impasse in the interpretation of Vatican II

The Spirit of Vatican II-Colleen McDannell 2011-03-01 Explains how the Second Vatican Council transformed the lives of Catholics throughout the United States and chronicles the legacy of this religious reform. By the author of Heaven: A History.

Vatican II-Alan Schreck 2005 Whatever happened to the Second Vatican Council? Has the Catholic Church backed away from its teachings? What, exactly, were those teachings? Did the Council stand for the renewal of the liturgy, for example, or its destruction? Did it bring the Church into the world, or has it allowed the world to infiltrate the Church? On the occasion of the fortieth anniversary of the closing of Vatican II, Alan Schreck discusses the key documents of the Council and their meaning for Catholics today. ~~Books taken from~~

a close look at the ferment and criticism Vatican II left in its wake. What he finds will surprise some Catholics but encourage all to lean into the task of renewing and strengthening the Church for the twenty-first century.

The Inside Story of Vatican II-Rev. Fr. Ralph Wiltgen 1991-12-01

Only two years after the Second Vatican Council concluded in 1965, Catholics around the world welcomed the publication of *The Rhine Flows Into the Tiber*, a history of the Council published worldwide in four languages. Widely hailed for its balanced, factual reporting, this eye-opening insider's account was written by Rev. Ralph M. Wiltgen, a priest and professional journalist who was an eyewitness with unparalleled access to the principal figures and events of the Council. *The Inside Story of Vatican II* is a revised, updated edition of that ground-breaking contemporary account, which details in particular the crucial influence on the Council's proceedings exerted by its German-speaking bishops. As Catholics continue to debate the meaning and impact of Vatican II, they will find this book an indispensable guide for understanding what actually took place there behind the scenes.

Vatican I-John W. O'Malley 2018-05-07 The enduring influence of the Catholic Church has many sources—its spiritual and intellectual appeal, missionary achievements, wealth, diplomatic effectiveness, and stable hierarchy. But in the first half of the nineteenth century, the foundations upon which the church had rested for centuries were shaken. In the eyes of many thoughtful people, liberalism in the guise of liberty, equality, and fraternity was the quintessence of the evils that shook those foundations. At the Vatican Council of 1869-1870, the church made a dramatic effort to set things right by defining the doctrine of papal infallibility. In *Vatican I: The Council and the Making of the Ultramontane Church*, John W. O'Malley draws us into the bitter controversies over papal infallibility that at one point seemed destined to rend the church in two. Archbishop Henry Manning was the principal driving force for the definition, and Lord Acton was his brilliant counterpart on the other side. But they shrink in significance alongside Pope Pius IX, whose zeal for the definition was so notable that it raised questions about the very legitimacy of the council. Entering the fray were politicians such as Gladstone and Bismarck. The growing tension in the council paved the way for the

out within the larger drama of the seizure of the Papal States by Italian forces and its seemingly inevitable consequence, the conquest of Rome itself. Largely as a result of the council and its aftermath, the Catholic Church became more pope-centered than ever before. In the terminology of the period, it became ultramontane.

The Second Vatican Council-Roberto De Mattei 2012-12-08

The Laywoman Project-Mary J. Henold 2020-02-24

Summoning everyday Catholic laywomen to the forefront of twentieth-century Catholic history, Mary J. Henold considers how these committed parishioners experienced their religion in the wake of Vatican II (1962-1965). This era saw major changes within the heavily patriarchal religious faith—at the same time as an American feminist revolution caught fire. Who was the Catholic woman for a new era? Henold uncovers a vast archive of writing, both intimate and public facing, by hundreds of rank-and-file American laywomen active in national laywomen's groups, including the National Council of Catholic Women, the Catholic Daughters of America, and the Daughters of Isabella. These records evoke a formative period when laywomen played publicly with a surprising variety of ideas about their own position in the Catholic Church. While marginalized near the bottom of the church hierarchy, laywomen quietly but purposefully engaged both their religious and gender roles as changing circumstances called them into question. Some eventually chose feminism while others rejected it, but most, Henold says, crafted a middle position: even conservative, nonfeminist laywomen came to reject the idea that the church could adapt to the modern world while keeping women's status frozen in amber.

Catholic History for Today's Church-John W. O'Malley 2015-09-15

We can't understand the issues swirling in today's Catholic church without understanding the past. In *Catholic History for Today's Church* acclaimed historian John W. O'Malley, SJ, illuminates some of today's most contentious issues—from celibacy to the role of the pope—through their history. In his characteristically engaging style, O'Malley's essays provide readers with an overview of each theme in history then explore how that past connects with life today. Many of the essays highlight his expertise on the papacy and the papal curia, as well as the significance and legacies of the Council of

Trent and Vatican II. By taking a historical approach, O'Malley shows how contemporary issues arose, assesses where they are today, and suggests how they might be changed for the better. Catholic History for Today's Church takes an invaluable long view on topics that too often find us shortsighted.

Vatican I and Vatican II-Kristin M Colberg 2016-05-23 Vatican I and Vatican II represent two of the three ecumenical councils in modern times, yet relatively few studies have sought to understand their relation to one another. In fact, the councils are often positioned as mutually exclusive so that one must choose either Vatican I's or Vatican II's presentations of church and ecclesial authority. Failing to understand the relationship between these councils inhibits the church's self-understanding and risks misinterpreting key aspects of its own tradition; further, it limits the church's ability to teach effectively on topics of concern to modern women and men, such as authority, freedom, and ecclesiology. Vatican I and Vatican II: Councils in the Living Tradition uses the questions of what, why, and how the councils taught to frame and demonstrate significant points of continuity, complementarity, and difference between them. It argues that only by seeing both Vatican I and Vatican II as communicating vital dimensions of the Christian faith can the church's living tradition be fully appreciated and speak meaningfully to modern Christian women and men.?

The Documents of Vatican II in a New and Definitive Translation-1966 "A Herder and Herder book." Issued in a set with: Commentary on the documents of Vatican II. Includes bibliographical references.

Roman Catholicism-Lorraine Boettner 1962-05-01

A Council for the Global Church-Massimo Faggioli 2015-05-01 The Second Vatican Council ended in December 1965, but Vatican II is still happening in the global church. Catholicism has always had a universal claim, but the globalization of Catholicism as a truly "world church" became part of Catholic theology only thanks to that gathering—decided by St. John XXIII—of bishops, theologians, lay observers, ecumenical representatives, and journalists. Vatican II is the most important event in church history after the Reformation and the Counter-Reformation, and it is the key to understanding Catholicism and its inner tensions today.

Gravissimum Educationis-Austin Flannery 2014-06-01

The Irony of Modern Catholic History-George Weigel 2019-09-17 A

powerful new interpretation of Catholicism's dramatic encounter with modernity, by one of America's leading intellectuals Throughout much of the nineteenth century, both secular and Catholic leaders assumed that the Church and the modern world were locked in a battle to the death. The triumph of modernity would not only finish the Church as a consequential player in world history; it would also lead to the death of religious conviction. But today, the Catholic Church is far more vital and consequential than it was 150 years ago. Ironically, in confronting modernity, the Catholic Church rediscovered its evangelical essence. In the process, Catholicism developed intellectual tools capable of rescuing the imperiled modern project. A richly rendered, deeply learned, and powerfully argued account of two centuries of profound change in the church and the world, *The Irony of Modern Catholic History* reveals how Catholicism offers twenty-first century essential truths for our survival and flourishing.

Vatican II-Peter A. Huff 2011 Vatican II is known to every Catholic at least by name, but we're a little skimpy on the details. What happened there? Why did it take place? Why have there been mixed reactions to it? Most importantly, what is the impact of the Second Vatican Council on the People of the Church now? Peter A. Huff, in "*Vatican II: Its Impact on You*," answers these questions and more in a lively, brief, easy-to-read, fresh overview of the event that has had the greatest impact on the Catholic experience today. Vatican II, the brainchild of Blessed Pope John XXIII, spanned from 1962 to 1965, attracted 2,500 bishops to Vatican City, and produced inspiring activity and documents from extraordinary personalities. This book analyzes Vatican II's sources, context, decisions, and ongoing impact. Huff argues that "we rightly associate the council with change, but it is just as correctly portrayed as a strategic preservation of Catholicism's time-tested heritage." While written from a Catholic perspective, all Christians will find "*Vatican II: Its Impact on You*" a fascinating look at a time in recent world history when truth and grace joined for what the author calls "the most important religious event of the twentieth century." The Reception of Vatican II-Matthew L. Lamb 2017-02-09 From 1962 to 1965, in perhaps the most important religious event of the twentieth century, the Second Vatican Council met to plot a course for the future of the Roman Catholic Church. After thousands of speeches, resolutions, and votes, the Council issued sixteen official documents on topics ranging from divine revelation to relations with non-Christians. But the meaning of the Second Vatican Council has been fiercely contested since before it was even over, and the years since its completion have seen a battle for the soul of the Church waged through the interpretation of Council documents. The Reception of Vatican II looks at the sixteen conciliar documents through the lens of those battles. Paying close attention to reforms and new developments, the essays in this volume show how the Council has been received and interpreted over the course of the more than fifty years since it concluded. The contributors to this volume represent various schools of thought but are united by a commitment to restoring the view that Vatican II should be interpreted and implemented in line with Church Tradition. The central problem facing Catholic theology today, these essays argue, is a misreading of the Council that posits a sharp break with previous Church teaching. In order to combat this reductive way of interpreting the Council, these essays provide a thorough, instructive overview of the debates it inspired.

Why Catholics Leave, What They Miss, and How They Might Return-Bullivant, Stephen 2019-04-10 The results of a project in the UK that invited Catholics who no longer regularly practice their faith to share their story. Why they left and what could be done to change this are two of the questions explored.

Dogmatic Constitution on Divine Revelation-Paul VI 1965 This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.

What Went Wrong with Vatican II-Ralph M. McInerney 1998-01-01

Downloaded from jaremicarey.com on

Crisis magazine called this book: "The clearest and most comprehensive argument against the theological dissenters ever written." This riveting book will show you why the Church has been in crisis since the Second Vatican Council (1962-1965) and what must be done about it. Dr. Ralph McInerny here reveals the causes of the devastation in the Church. You'll discover that Vatican II didn't: -Teach a new Faith -Do away with Tradition -Set up a new, democratic Church -Give Catholics permission to disagree with the Church in the name of conscience. Read this dramatic narrative to learn how the council was hijacked and how interpretation of its decrees has been controlled since then by Catholics with an agenda different from what the council taught. Best of all, you'll learn from Ralph McInerny what must be done now to take back the council and the Church.

Karl Barth, Catholic Renewal and Vatican II-Benjamin Dahlke
2012-03-01 From the 1920s on, Karl Barth's thought was received with great interest not only by Protestants but also by Catholic theologians, who analyzed it in detail. This study outlines how and why this happened, especially in the period leading up to Vatican II. Dahlke shows how preoccupation with Barth's Epistle to the Romans and Church Dogmatics triggered a theological renewal among Catholic theologians. In addition to Hans Urs von Balthasar's critical appropriation of Barth's thought, the controversy surrounding the issue of analogia entis with Erich Przywara is also dealt with.

The Disputed Teachings of Vatican II-Thomas G. Guarino
2018-10-09 The Second Vatican Council (1962-1965) radically shook up many centuries of tradition in the Roman Catholic Church. This book by Thomas Guarino, a noted expert on the sources and methods of Catholic doctrine, investigates whether Vatican II's highly contested teachings on religious freedom, ecumenism, and the Virgin Mary represented a harmonious development of--or a rupture with--Catholic tradition. Guarino's careful explanations of such significant terms as continuity, discontinuity, analogy, reversal, reform, and development greatly enhance and clarify his discussion. No other book on Vatican II so clearly elucidates the essential theological principles for determining whether--and to what extent--a conciliar teaching is in continuity or discontinuity with the tradition of the Church.

with antecedent tradition. Readers from all faith traditions who care about the logic of continuity and change in Christian teaching will benefit from this masterful case study.

Vatican Council II.-Xavier Rynne 1963

Vatican II-Alberto Melloni 2015-10-20 A history of Vatican II, illustrated with over 300 photographs and illustrations. It includes maps, timelines, and tables. The Council, an important and memorable historical event, is documented here from its preparation to its conclusion.

The Catholic Revolution-Andrew Greeley 2004-03-10 How, a mere generation after Vatican Council II initiated the biggest reform since the Reformation, can the Catholic Church be in such deep trouble? The question resonates through this new book by Andrew Greeley, the most recognized, respected, and influential commentator on American Catholic life. A timely and much-needed review of forty years of Church history, *The Catholic Revolution* offers a genuinely new interpretation of the complex and radical shift in American Catholic attitudes since the second Vatican Council (1962-1965). Drawing on a wealth of data collected over the last thirty years, Greeley points to a rift between the higher and lower orders in the Church that began in the wake of Vatican Council II—when bishops, euphoric in their (temporary) freedom from the obstructions of the Roman Curia, introduced modest changes that nonetheless proved too much for still-rigid structures of Catholicism: the "new wine" burst the "old wineskins." As the Church leadership tried to reimpose the old order, clergy and the laity, newly persuaded that "unchangeable" Catholicism could in fact change, began to make their own reforms, sweeping away the old "rules" that no longer made sense. The revolution that Greeley describes brought about changes that continue to reverberate—in a chasm between leadership and laity, and in a whole generation of Catholics who have become Catholic on their own terms. Coming at a time of crisis and doubt for the Catholic Church, this richly detailed, deeply thoughtful analysis brings light and clarity to the years of turmoil that have shaken the foundations, if not the faith, of American Catholics.

The Teachings of the Second Vatican Council- 1966

True and False Reform in the Church-Yves Congar 2010-12-01

Downloaded from
jaremicarey.com on

Archbishop Angelo Roncalli (later Pope John XXIII) read True and False Reform during his years as papal nuncio in France and asked, "A reform of the church 'is such a thing really possible?'" A decade later as pope, he opened the Second Vatican Council by describing its goals in terms that reflected Congar's description of authentic reform: reform that penetrates to the heart of doctrine as a message of salvation for the whole of humanity, that retrieves the meaning of prophecy in a living church, and that is deeply rooted in history rather than superficially related to the apostolic tradition. Pope John called the council not to reform heresy or to denounce errors but to update the church's capacity to explain itself to the world and to revitalize ecclesial life in all its unique local manifestations. Congar's masterpiece fills in the blanks of what we have been missing in our reception of the council and its call to "true reform." Yves Congar, OP, a French Dominican who died in 1995, was the most important ecclesialogist in modern times. His writings and his active participation in Vatican II had an immense influence upon the council documents. With a few other contemporaries, Congar pioneered a new style of theological research and writing that linked the great tradition of Scripture and the Fathers to contemporary pastoral questions with lucidity and passion. His key concerns were the unity of the church, lay apostolic life, and a revival of the church's theology of the Holy Spirit. He was named a cardinal by Pope John Paul II in recognition of his profound contributions to the Second Vatican Council. Pal Philibert, OP, has taught pastoral theology in the United States and abroad. He is a Dominican friar of the Southern Province. His translation of a collection of Congar's essays on the liturgy has recently been published by Liturgical Press under the title *At the Heart of Christian Worship*. His book *The Priesthood of the Faithful: Key to a living Church* (Liturgical Press, 2005) reflects the ecclesiology of Yves Congar and his Vision of the apostolic life of the faithful.
