Woman in the Nineteenth Century-Margaret Fuller 1845

Woman in the Nineteenth Century, and Kindred Papers Relating to the Sphere, Condition, and Duties of Woman-Margaret Fuller 1893

The Fallen Woman in the Nineteenth-Century English Novel-George

Watt 2016-07-22 A sympathetic view of the fallen women in

Victorian England begins in the novel. First published in 1984, this

book shows that the fallen woman in the nineteenth-century novel is, amongst other things, a direct response to the new society.

Through the examination of Dickens, Gaskell, Collins, Moore,

Trollope, Gissing and Hardy, it demonstrates that the fallen woman

is the first in a long line of sympathetic creations which clash with

many prevailing social attitudes, and especially with the supposedly

accepted dichotomy of the 'two women'. This book will be of

interest to students of nineteenth-century literature and women in literature.

Women in Nineteenth-Century Egypt-Judith E. Tucker 1985 The book provides a unique account of the very active economic, social and political roles of nineteenth-century women.

British Women in the Nineteenth Century-Kathryn Gleadle 2017-09-08 This synthesis is a clear assessment of 19th-century British women. It aims to provide students with an in depth understanding of the key historiographical debates and issues, placing particular emphasis upon revisionist research. The book highlights not merely the ideologies and economic circumstances which shaped women's lives, but highlights the sheer diversity of women's own experiences and identities. In so doing, it presents a positive but nuanced interpretation of women's roles within their own families and communities, as well as stressing women's enormous contribution to the making of contemporary British culture and society.

Dimity Convictions-Barbara Welter 1976 Margaret Fuller Anna Katherine Green.

We the Women-Madeleine B. Stern 1994-01-01 Victoria Woodhull is remembered as the first woman to run for the presidency of the United States—in 1872—and as an advocate of a single standard of morality for both sexes. We the Women describes a side of Woodhull less well known: the first woman stockbroker in America, she was successful on Wall Street while lambasting in her journal the railroads, insurance companies, and other special-interest groups. Stern offers biographical sketches of Belva Ann Lockwood, who fought for the right to practice law before the Supreme Court; Isabel C. Barrows, the first woman stenographer in the State Department; Rebecca Pennell Dean, criticized for not "knowing her place" when she joined a college faculty; Ellen H. Richards, the first university-trained chemist and a relentless worker for public health; Lucy Hobbs Taylor, who led women into the field of dentistry; Sarah G. Bagley, the first woman telegrapher; Rebecca Lukens, a premier captain of industry whose vision helped shape America's iron age; Mary Ann Lee, the ballerina who introduced Americans to revolutionary dances from abroad; Ann S. Stephen, the author of the first Beadle Dime Novel; Candace Wheeler, who brought women

Downloaded from

into the profession of home interior decoration; and Harriet Irwin, Louise Bethune, and Sophia G. Hayden, who paved the way for women to become professional architects. These nineteenth-century American women were the first to succeed in professions previously open only to men. Madeleine B. Stern has restored them richly to life in *We the Women*. The determination and intelligence of these women won for women a place in the arts, science and technology, education and the law, and business and industry. Among Stern's other books are *Louisa May Alcott and The Life of Margaret Fuller*. *Women in Nineteenth-Century Europe*-Rachel G. Fuchs 2004-11-22 During the nineteenth century, European women of all countries and social classes experienced dramatic and enduring changes in their familial, working and political lives. However, the history of women at this time is not one of unmitigated progress - theirs was an uphill struggle, fraught with hindrances, hard work and economic downturns, and the increasing intrusion of the public into their innermost private and personal lives. Breaking away from traditional categories, Rachel G. Fuchs and Victoria E. Thompson provide a sense of the variety and complexity of women's lives across national and regional boundaries, juxtaposing the experiences of women with the perceptions of their lives. Three themes unite this study: - the tension between tradition and modernity - the changing relationship between the community and individual - the shifting boundaries between public and private Dealing with individual women's lives within a large social and cultural context, Fuchs and Thompson demonstrate how strong and courageous women refused to live within the prescribed domestic roles - and how many became the modern women of the twentieth century.

Woman in the Nineteenth Century and Other Writings-Margaret Fuller 1994

We are Your Sisters-Dorothy Sterling 1997 Documents the trials and joys of nineteenth-century Black women and suggests new ways of perceiving Black women, their relations with others, and their attitudes toward family, work, and feminism

Women and Achievement in Nineteenth-Century Europe-Linda L. Clark 2008-04-17 A history of European women's professional activities and organizational roles between 1789 and 1914.

Women in Nineteenth-Century Russia-Wendy Rosslyn 2012 "This collection of essays examines the lives of women across Russia--from wealthy noblewomen in St Petersburg to desperately poor peasants in Siberia--discussing their interaction with the Church and the law, and their rich contribution to music, art, literature and theatre. It shows how women struggled for greater autonomy and, both individually and collectively, developed a dynamic presence in Russia's culture and society"--Publisher's description.

Single, White, Slaveholding Women in the Nineteenth-Century American South-Marie S. Molloy 2018-07-15 Single, White, Slaveholding Women in the Nineteenth-Century American South investigates the lives of unmarried white women—from the pre- to the post-Civil War South—within a society that placed high value on women's marriage and motherhood. Marie S. Molloy examines female singleness to incorporate non-marriage, widowhood, separation, and divorce. These single women were not subject to the laws and customs of coverture, in which females were covered or subject to the governance of fathers, brothers, and husbands, and therefore lived with greater autonomy than married women. Molloy contends that the Civil War proved a catalyst for accelerating personal, social, economic, and legal changes for these women. Being a single woman during this time often meant living a nuanced life, operating within a tight framework of traditional gender conventions while manipulating them to greater advantage. Singleness was often a route to autonomy and independence that over time expanded and reshaped traditional ideals of southern womanhood. Molloy delves into these themes and their effects through the lens of the various facets of the female life: femininity, family, work, friendship, law, and property. By examining letters and diaries of more than three hundred white, native-born, southern women, Molloy creates a broad and eloquent study on the relatively overlooked population of single women in both the urban and plantation slaveholding South. She concludes that these women were, in various ways, pioneers and participants of a slow, but definite process of change in the antebellum era.

Women and Marriage in Nineteenth-Century England-Mrs Joan Perkin 2002-11-01 The 'bonds of matrimony' describes with cruel precision the social and political status of married women in the

nineteenth century. Women of all classes had only the most limited rights of possession in their own bodies and property yet, as this remarkable book shows, women of all classes found room to manoeuvre within the narrow limits imposed on them. Upper-class women frequently circumvented the onerous limitations of the law, while middle-class women sought through reform to change their legal status. For working-class women, such legal changes were irrelevant, but they too found ways to ameliorate their position. Joan Perkin demonstrates clearly in this outstanding book, full of human insights, that women were not content to remain inferior or subservient to men.

The Woman as Slave in Nineteenth-Century American Social Movements-Ana Stevenson 2020-02-03 This book is the first to develop a history of the analogy between woman and slave, charting its changing meanings and enduring implications across the social movements of the long nineteenth century. Looking beyond its foundations in the antislavery and women's rights movements, this book examines the influence of the woman-slave analogy in popular culture along with its use across the dress reform, labor, suffrage, free love, racial uplift, and anti-vice movements. At once provocative and commonplace, the woman-slave analogy was used to exceptionally varied ends in the era of chattel slavery and slave emancipation. Yet, as this book reveals, a more diverse assembly of reformers both accepted and embraced a woman-as-slave worldview than has previously been appreciated. One of the most significant yet controversial rhetorical strategies in the history of feminism, the legacy of the woman-slave analogy continues to underpin the debates that shape feminist theory today.

Women and Literary Celebrity in the Nineteenth Century-Dr Brenda R Weber 2013-05-28 Focusing on representations of women's literary celebrity in nineteenth-century biographies, autobiographical accounts, periodicals, and fiction, Brenda R. Weber examines the transatlantic cultural politics of visibility in relation to gender, sex, and the body. Looking both at discursive patterns and specific Anglo-American texts that foreground the figure of the successful woman writer, Weber argues that authors such as Elizabeth Gaskell, Fanny Fern, Mary Cholmondeley, Margaret Oliphant, Elizabeth Robins, Eliza Potter, and Elizabeth

Keckley helped create an intelligible category of the famous writer that used celebrity as a leveraging tool for altering perceptions about femininity and female identity. Doing so, Weber demonstrates, involved an intricate gender/sex negotiation that had ramifications for what it meant to be public, professional, intelligent, and extraordinary. Weber's persuasive account elucidates how Gaskell's biography of Charlotte Brontë served simultaneously to support claims for Brontë's genius and to diminish Brontë's body in compensation for the magnitude of those claims, thus serving as a touchstone for later representations of women's literary genius and celebrity. Fanny Fern, for example, adapts Gaskell's maneuvers on behalf of Charlotte Brontë to portray the weak woman's body becoming strong as it is made visible through and celebrated within the literary marketplace. Throughout her study, Weber analyzes the complex codes connected to transatlantic formations of gender/sex, the body, and literary celebrity as women authors proactively resisted an intense backlash against their own success.

Black Women in Nineteenth-Century American Life-Bert James Loewenberg 2010-11-01 Offers selections from the writings of twenty-four Black American women born before the Civil War

Women Writers and Journalists in the Nineteenth-Century South-Jonathan Daniel Wells 2011-10-24 The first study to focus on white and black women journalists and writers both before and after the Civil War, this book offers fresh insight into Southern intellectual life, the fight for women's rights and gender ideology. Based on new research into Southern magazines and newspapers, this book seeks to shift scholarly attention away from novelists and toward the rich and diverse periodical culture of the South between 1820 and 1900. Magazines were of central importance to the literary culture of the South because the region lacked the publishing centers that could produce large numbers of books. As editors, contributors, correspondents and reporters in the nineteenth century, Southern women entered traditionally male bastions when they embarked on careers in journalism. In so doing, they opened the door to calls for greater political and social equality at the turn of the twentieth century.

collection of papers draws on insights from social anthropology to illuminate historical material, and presents a set of closely integrated studies on the inter-connections between feminism and medical, social and educational ideas in the nineteenth century. Throughout the book evidence from both the USA and UK shows that feminists had to operate in a restricting and complex social environment in which the concept of "the lady" and the ideal of the saintly mother defined the nineteenth-century woman's cultural and physical world.

The Exotic Woman in Nineteenth-century British Fiction and Culture-Piya Pal-Lapinski 2005 A fresh and provocative approach to representations of exotic women in Victorian Britain.

Women's Roles in Nineteenth-century America-Tiffany K. Wayne 2007 Presents a history of the status of women in nineteenth-century America, with an examination of their roles in marriage, family life, religion, and public life, and an analysis of their political and legal rights.

The Nineteenth-century Woman-Sara Delamont 2012-12-12 This collection of papers draws on insights from social anthropology to illuminate historical material, and presents a set of closely integrated studies on the inter-connections between feminism and medical, social and educational ideas in the nineteenth century. Throughout the book evidence from both the USA and UK shows that feminists had to operate in a restricting and complex social environment in which the concept of "the lady" and the ideal of the saintly mother defined the nineteenth-century woman's cultural and physical world.

Bonds of Community-Nancy Grey Osterud 2018-08-06 Women held a central place in long-settled rural communities like the Nanticoke Valley in upstate New York during the late nineteenth century. Their lives were limited by the bonds of kinship and labor, but farm women found strength in these bonds as well. Although they lacked control over land and were second-class citizens, these rural women did not occupy a "separate sphere." Individually and collectively, they responded to inequality by actively enlarging the dimensions of sharing in their relationships with men. Nancy Grey Osterud uses a rich store of diaries, letters, and other first-person documents, in addition to public and organizational records, to reconstruct the

everyday lives of ordinary women of the past. Exploring large questions within the confines of a single community, she analyzes the ways in which notions of gender structured women's interactions with their families and neighbors, their place in the farm family economy, and their participation in organized community activities. Rare turn-of-the-century photographs of the rural landscape, formal and informal family portraits, and scenes of daily life and labor add a special dimension to *Bonds of Community*. It should find a ready audience among women's historians, labor historians, rural historians, and historians of New York State.

Neglected American Women Writers of the Long Nineteenth Century-Verena Laschinger 2019-04-02 *Neglected American Women Writers of the Long Nineteenth Century*, edited by Verena Laschinger and Sirpa Salenius, is a collection of essays that offer a fresh perspective and original analyses of texts by American women writers of the long nineteenth century. The essays, which are written both by European and American scholars, discuss fiction by marginalized authors including Yolanda DuBois (African American fairy tales), Laura E. Richards (children's literature), Metta Fuller Victor (dime novels/ detective fiction), and other pioneering writers of science fiction, gothic tales, and life narratives. The works covered by this collection represent the rough and ragged realities that women and girls in the nineteenth century experienced; the writings focus on their education, family life, on girls as victims of class prejudice as well as sexual and racial violence, but they also portray girls and women as empowering agents, survivors, and leaders. They do so with a high-voltage creative charge. As progressive pioneers, who forayed into unknown literary terrain and experimented with a variety of genres, the neglected American women writers introduced in this collection themselves emerge as role models whose innovative contribution to nineteenth-century literature the essays celebrate.

The Portable Nineteenth-Century African American Women Writers-Various 2017-07-25 A landmark collection documenting the social, political, and artistic lives of African American women throughout the tumultuous nineteenth century. Named one of NPR's Best Books of 2017. *The Portable Nineteenth-Century African American Women Writers* is the most comprehensive anthology of its kind: an

Downloaded from

extraordinary range of voices offering the expressions of African American women in print before, during, and after the Civil War. Edited by Hollis Robbins and Henry Louis Gates, Jr., this collection comprises work from forty-nine writers arranged into sections of memoir, poetry, and essays on feminism, education, and the legacy of African American women writers. Many of these pieces engage with social movements like abolition, women's suffrage, temperance, and civil rights, but the thematic center is the intellect and personal ambition of African American women. The diverse selection includes well-known writers like Sojourner Truth, Hannah Crafts, and Harriet Jacobs, as well as lesser-known writers like Ella Sheppard, who offers a firsthand account of life in the world-famous Fisk Jubilee Singers. Taken together, these incredible works insist that the writing of African American women writers be read, remembered, and addressed. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Crafting the Woman Professional in the Long Nineteenth Century- Dr Kyriaki Hadjiafxendi 2013-10-11 Over the course of the nineteenth century, women in Britain participated in diverse and prolific forms of artistic labour. As they created objects and commodities that blurred the boundaries between domestic and fine art production, they crafted subjectivities for themselves as creative workers. By bringing together work by scholars of literature, painting, music, craft and the plastic arts, this collection argues that the constructed and contested nature of the female artistic professional was a notable aspect of debates about aesthetic value and the impact of industrial technologies. All the essays in this volume set up a productive inter-art dialogue that complicates conventional binary divisions such as amateur and professional, public and private, artistry and industry in order to provide a more nuanced understanding of the relationship between gender, artistic labour and creativity in the period. Ultimately, how women faced

the pragmatics of their own creative labour as they pursued vocations, trades and professions in the literary marketplace and related art-industries reveals the different ideological positions surrounding the transition of women from industrious amateurism to professional artistry.

Women Writing Art History in the Nineteenth Century-Hilary Fraser
2014-09-04 This book examines women's art writing in the nineteenth century, challenging the idea of art history as a masculine intellectual field.

English Women's Clothing in the Nineteenth Century-C. Willett
Cunnington 2013-07-24 Remarkably thorough descriptions, information about hundreds of fashions: morning dresses, riding outfits, bridal gowns, more. Also millinery, footwear, etc. Based on contemporary sources. Indispensable for costume and fashion students. Bibliography.

Mothers and Daughters in Nineteenth-Century America-Nancy M. Theriot 2015-01-13 The feminine script of early nineteenth century centered on women's role as patient, long-suffering mothers. By mid-century, however, their daughters faced a world very different in social and economic options and in the physical experiences surrounding their bodies. In this groundbreaking study, Nancy Theriot turns to social and medical history, developmental psychology, and feminist theory to explain the fundamental shift in women's concepts of femininity and gender identity during the course of the century -- from an ideal suffering womanhood to emphasis on female control of physical self. Theriot's first chapter proposes a methodological shift that expands the interdisciplinary horizons of women's history. She argues that social psychological theories, recent work in literary criticism, and new philosophical work on subjectivities can provide helpful lenses for viewing mothers and children and for connecting socioeconomic change and ideological change. She recommends that women's historians take bolder steps to historicize the female body by making use of the theoretical insights of feminist philosophers, literary critics, and anthropologists. Within this methodological perspective, Theriot reads medical texts and woman-authored advice literature and autobiographies. She relates the early nineteenth-century notion of "true womanhood" to the socioeconomic and somatic realities of

middle-class women's lives, particularly to their experience of the new male obstetrics. The generation of women born early in the century, in a close mother/daughter world, taught their daughters the feminine script by word and action. Their daughters, however, the first generation to benefit greatly from professional medicine, had less reason than their mothers to associate womanhood with pain and suffering. The new concept of femininity they created incorporated maternal teaching but altered it to make meaningful their own very different experience. This provocative study applies interdisciplinary methodology to new and long-standing questions in women's history and invites women's historians to explore alternative explanatory frameworks.

Women-Writers of the Nineteenth Century-Marjory A. Bald
2014-07-24 Originally published in 1923, this book contains short biographies of the lives and works of several nineteenth-century female writers: Jane Austen, the Brontës, Elizabeth Gaskell, George Eliot, Elizabeth Barrett Browning and Christina Rossetti. Bald focuses on the humanity of each woman, and seeks to clarify the characteristics of 'women of literary instinct'. This book will be of value to anyone with an interest in female authors and their motivations.

Women's Writing in Nineteenth-Century France-Alison Finch
2000-08-10 The most complete critical survey to date of women's literature in nineteenth-century France.

Walt Whitman and Nineteenth-Century Women Reformers-Sherry Ceniza
2013-09-30 An interesting academic study of the influence of certain 19th-century women reformers on Walt Whitman, as evidenced by his poetry, prose, and correspondence.

Female Entrepreneurship in Nineteenth-Century England-Jennifer Aston
2016-08-31 Aston challenges and reshapes the on-going debate concerning social status, economic opportunity, and gender roles in nineteenth-century society. Sources including trade directories, census returns, probate records, newspapers, advertisements, and photographs are analysed and linked to demonstrate conclusively that women in nineteenth-century England were far more prevalent in business than previously acknowledged. Moreover, women were able to establish and expand their businesses far beyond the scope of inter-generational

Downloaded from
jaremicarey.com on

caretakers in sectors of the economy traditionally viewed as unfeminine, and acquire the assets and possessions that were necessary to secure middle-class status. These women serve as a powerful reminder that the middle-class woman's retreat from economic activity during the nineteenth-century, so often accepted as axiomatic, was not the case. In fact, women continued to act as autonomous and independent entrepreneurs, and used business ownership as a platform to participate in the economic, philanthropic, and political public sphere.

Rememberings-Pauline Wengeroff 2000 Pauline Wengeroffs memoir tells what it was like to be a Jewish girl and a Jewish woman in 19th-century Russia, as foundations of faith and tradition eroded around her with the onset of the Jewish Enlightenment in Russia. No other work like this survives. The book has been translated into English from her original German memoir.

The Woman Question in Nineteenth-Century English, German and Russian Literature-Kathryn L Ambrose 2015-10-08 Kathryn Ambrose offers a new literary critical approach to the Woman Question in nineteenth-century English, German and Russian literature, based on feminist theory, post-structuralism and the semiotics of barriers.

A Respectable Woman-Jane E. Dabel 2008-05-10 In the nineteenth century, New York City underwent a tremendous demographic transformation driven by European immigration, the growth of a native-born population, and the expansion of one of the largest African American communities in the North. New York's free blacks were extremely politically active, lobbying for equal rights at home and an end to Southern slavery. As their activism increased, so did discrimination against them, most brutally illustrated by bloody attacks during the 1863 New York City Draft Riots. The struggle for civil rights did not extend to equal gender roles, and black male leaders encouraged women to remain in the domestic sphere, serving as caretakers, moral educators, and nurses to their families and community. Yet as Jane E. Dabel demonstrates, separate spheres were not a reality for New York City's black people, who faced dire poverty, a lopsided sex ratio, racialized violence, and a high mortality rate, all of which conspired to prevent men from gaining respectable employment and political clout. Consequently,

Downloaded from
jaremicarey.com on

many black women came out of the home and into the streets to work, build networks with other women, and fight against racial injustice. A Respectable Woman reveals the varied and powerful lives led by black women, who, despite the exhortations of male reformers, occupied public roles as gender and race reformers. Women-Jim Harter 2012-12-19 Lush allegorical ladies, Grecian maids and Victorian maidens, Indians, Japanese, dancers, housewives, courtesans; women dancing, smiling, working, weeping, flirting — an unusually rich sourcebook of poses, costumes, clothing, everyday life. 488 illustrations.

Women's Human Rights in Nineteenth-Century Literature and Culture-Elena V. Shabliy 2020-08-30 Women's Human Rights in Nineteenth-Century Literature and Culture sheds light on women's rights advancements in the nineteenth century and early twentieth-century through explorations of literature and culture from this time period. With an international emphasis, contributors illuminate the range and diversity of women's work as novelists, journalists, and short story writers and analyze the New Woman phenomenon, feminist impulse, and the diversity of the women writers. Studying writing by authors such as Alice Meynell, Thomas Hardy, Netta Syrett, Alice Dunbar-Nelson, Mary Seacole, Charlotte Brontë, and Jean Rhys, the contributors analyze women's voices and works on the subject of women's rights and the representation of the New Woman.

Women Writers and Nineteenth-Century Medievalism-Clare Broome Saunders 2009-02-02 Saunders uniquely explores how women poets, biographers, historians, and visual artists used medieval motifs, forms, and settings to enable them to comment more freely on controversial contemporary issues, such as war and gender roles.

Women, Money, and the Law-Joyce W. Warren 2009-09-01 Did 19th-century American women have money of their own? To answer this question, Women, Money, and the Law looks at the public and private stories of individual women within the context of American culture, assessing how legal and cultural traditions affected women's lives, particularly with respect to class and racial differences, and analyzing the ways in which women were involved in economic matters. Joyce Warren has uncovered a vast, untapped

Downloaded from
jaremicarey.com on

archive of legal documents from the New York Supreme Court that had been expunged from the official record. By exploring hundreds of court cases involving women litigants between 1845 and 1875--women whose stories had, in effect, been erased from history--and by studying the lives and works of a wide selection of 19th-century women writers, Warren has found convincing evidence of women's involvement with money. The court cases show that in spite of the most egregious gender restrictions of law and custom, many 19th-century women lived independently, coping with the legal and economic restraints of their culture while making money for themselves and often for their families as well. They managed their lives and their money with courage and tenacity and fractured constructed gender identities by their lived experience. Many women writers, even when they did not publicly advocate economic independence for women, supported themselves and their families throughout their writing careers and in their fiction portrayed the importance of money in women's lives. Women from all backgrounds--some defeated through ignorance and placidity, others as ruthless and callous as the most hardened businessmen--were in fact very much a part of the money economy. Together, the evidence of the court cases and the writers runs counter to the official narrative, which scripted women as economically dependent and financially uninvolved. Warren provides an illuminating counternarrative that significantly questions contemporary assumptions about the lives of 19th-century women. *Women, Money, and the Law* is an important corrective to the traditional view and will fascinate scholars and students in women's studies, literary studies, and legal history as well as the general reader.

If you ally dependence such a referred **woman in the nineteenth century margaret fuller** books that will provide you worth, get the completely best seller from us currently from several preferred authors.
